I open my heart to my many spiritual mentors who have helped me awaken the wisdom of my Soul. Special thanks to Natalie Glasson, Lea Chapin, Master Jesus, Saint Germain, Lord Melchizedek, Lord Maitreya, Archangel Gabriel, Archangel Michael, the Mighty Seven Elohim, Lord Orion, and the Angelic Kingdom.

To my beloved family of Light—both seen and unseen—you have walked beside me through every step of this journey. May this work serve as a beacon for all souls awakening to their Mighty “I AM Presence.”

Acknowledgment

With heartfelt gratitude, I acknowledge Lea Chapin for her dedicated service as a channel for the teachings and transmissions of Master Jesus, Sarah, and the Beings of Light.

The inspiration and spiritual insights contained within portions of this work have been enriched through the sacred transmissions received through Lea's ministry. I honor her commitment to bringing these messages of love, healing, peace, and spiritual awakening to the world.

May these teachings continue to bless and uplift all who encounter them.

With gratitude,
Reverend Maurice Ramsey

Author's Note

This booklet was created through prayer, spiritual reflection, healing work, and inner transformation. The sacred teachings within these pages have helped guide my own spiritual journey and deepen my connection with the Divine Presence.

Some of these teachings came through meditation and inner guidance, while others were received through trusted spiritual channels and the loving assistance of the Angelic Kingdom, Master Jesus, Saint Germain, Archangel Michael, and other Beings of Light.

My prayer is that these words bring peace, healing, strength, and spiritual encouragement to all who read them. May they help awaken the Light of God within the heart and remind each soul of its own Divine Presence.

With blessings of Peace, Love, and Healing Light,

In the Morning Prayers

Upon awakening, I send Love to my Mighty I AM Presence and to my Holy Christ Self. I call forth and command the action of the Silver Ray of Light, a Shield of Divine Perfection around me, and the Pearlescent White Flame of Love and Innocence, as it is the Spark of God's Living Light, purifying everything in my world this day. I invoke the Pyramid of Power to enclose all that I AM within Her Electromagnetic Field of Pure White Light.

The Peacock Blue Flame is a powerful frequency of energy that is transmuting my energetic soul matrix. What I AM visioning is truly the Etheric Pyramid being brought forth with the Blue Flame of Archangel Michael to restructure my soul matrix and to realign me with my true Divine Authentic Self. And so, as I begin to breathe in this beautiful Peacock Blue Flame of Light and imagine the Etheric Pyramid of Energy over my head, I AM being reintegrated and downloaded with this powerful frequency of the Blue Flame.

Beloved Mighty "I AM Presence," come forth and be the Master of this day!

My Mighty "I AM Presence," blaze through the Peacock Blue Flame of Light the fulfillment of Your Divine Plan, and hold control for me and all around me by the Will of God, so that which You desire to do through me can be accomplished; and let the senseless desires of the human be pushed aside, consumed, and annoy me no longer!

I live in the Authority of the Pearlescent White Flame from the Heart Flame of my Mighty "I AM Presence." I demand that my Beloved Mighty "I AM Presence" blaze the Authority, the Power, and the Control of Its own Heart Flame into everything around me, and possess and control all in my being and world forever!

After I use the Pearlescent White Flame in and around me, or into conditions to purify them, I definitely follow it with the Call to my Mighty "I AM Presence":

“BELOVED MIGHTY I AM PRESENCE! Charge forth the Pearlescent White Flame in the Power of the Three times Three, to hold in Perfect Balanced Action the Love, Wisdom, and Power which is necessary to enable Your Intelligence to act!

Direct my affairs this day to produce Miracles. As I truly begin to surrender to the Blue Flame of God’s Will of Father-Mother God into Your Hands, I command my being, use my love, my thoughts, my life, and my selfless service to release me from all that hinders me.

And I seal this with:
Thy Will Be Done.”

*“I AM the Peace of the Pearlescent
White Flame.
I AM the Strength of the Peacock
Blue Flame.”*

The Pearlescent White Flame of Sarah

Hi, Maurice. I hope this finds you well. I received your questions about the Pearlescent White Flame. See who I can bring forth here.

With the Mother God, we call forth the highest frequency, the highest light, for Maurice's soul growth. As always, Father, surround us with Your love, light, healing, wisdom, and truth. We call upon the energy of Sarah and Joshua as they step forward to bring their words of wisdom, healing, and guidance for this beloved soul. And as always, Father, surround us with Your Holy Grace. In this we give our blessings, and so it is.

Greetings Dear One, yes, it is I, Christ. We say to you, Dear One, that yes, you may be able to access, as they say, the Pearlescent White Flame that my dear daughter Sarah brings forth onto this planet. It is that which you can call forth to infuse within your being and begin to use this energy to transmute and transform negative energies into positive energies into your mind, body, and spirit.

And so simply allow yourself to transform and transmute any energies that no longer serve you to help you truly live in accordance with your true Divinity.

Simply allow yourself to breathe in this frequency, breathe in the light, breathe in the peace, breathe in the tranquility, and yes, the Pearlescent White Flame will assist all aspects of your body, not just those affected by discordant energy. Simply breathe, Dearest One, breathe.

As you integrate and receive the Pearlescent White Flame into your being, may you feel the peace and the love that you so long for, allowing the energy of the Pearlescent White Flame to come in to heal your soul and all aspects of your being.

So breathe in the Pearlescent White Flame and allow yourself to feel this essence and this presence of peace upon your soul.

And so, take another deep breath and breathe in the Pearlescent White Flame to clear all that no longer serves you so that you may ascend in consciousness with your Divine Self, allowing the Pearlescent White Flame of purity and innocent love to fill every cell, every fiber, every pore of your being.

May you feel the joy and remembrance that you are now receiving this beautiful energy of the Pearlescent White Flame that is being activated within your own soul memory, within your own DNA, within your own etheric blueprint, to once again ignite peace within your being.

May you feel the power, the presence, the love, and the Holy Grace as you infuse the energy of the Pearlescent White Flame within your being, allowing this energy to now step forward for you to receive as you call forth this vibration of love, as you call forth the vibration of love, as you call forth the vibration of love, knowing that the Pearlescent White Flame will continue to transmute and heal all that no longer serves you.

The Pearlescent White Flame is a signature vibration which you can call upon at any time. It truly is the energy of transmutation and healing. It will help you create in accordance with the Divine Will for your own life and your Divine Plan.

The Pearlescent White Flame will cleanse all that no longer serves you, helping you move forward into this new energy and new essence, allowing again the Pearlescent White Flame to transform and transmute all negative and inappropriate energies, beliefs, thoughts, and emotions within you and around you that are not for your highest good.

Simply ask the energy of the Pearlescent White Flame to heal you, restore you, and bring you back into balance.

Pearlescent White Flame is healing me.

So simply picture and imagine that the Pearlescent White Flame is surrounding you and infusing you, allowing that energy now to bring forth perfect health and wholeness.

If you have a health issue that you need to heal, breathe in the Pearlescent White Flame up through the soles of your feet and into the specific area that you need to heal.

And simply breathe in the Pearlescent White Flame, allowing it now to be brought forth into your being.

And so simply breathe, just once breathe, using the energy of the Pearlescent White Flame, knowing that it is there to help you, assist you, heal you, and bring you back into balance.

And simply know that the energy of the Pearlescent White Flame is an essence that will be on the Earth plane for the next 2000 years, as we have explained.

And you have access to this in your current incarnation. But the Flame will continue to exist and be ignited for the next 2000 years as my daughter Sarah is the activator and generator of the Pearlescent White Flame.

Simply call in the energy of the Pearlescent White Flame. For Sarah is here to heal you. I am here to heal you, knowing that you can heal yourself in the powerful flame with the Pearlescent White Flame, calling in the energy of love, calling in the energy of love, calling in the energy of love.

And allow yourself to feel this essence and this presence of peace as you step forward into the vibration of All-That-Is.

Knowing that the energy of the Pearlescent White Flame is yours to receive. As above, so below. As above, so below.

The Pearlescent White Flame connects us to our true Divinity, connects us to our “I AM Presence,” and connects us to All-That-Is.

Call in this energy, call in this peace, call in the tranquility of the Pearlescent White Flame, and it will heal you, restore you, and return you back to your Divine Perfection.

Go forward, Dear One, and know that the Pearlescent White Flame is a powerful flame of renewal. Call it in, call it in, call it in.

Go forward, My Dear One, for the presence, for the power, for the glory, for the peace, for the love, as you bring this energy and restoration of the Pearlescent White Flame upon your soul.

Go now in peace and be still and know that you are loved.

And we thank you Christ, and we thank you dear Sarah, and so it is.

Sarah: Awakening the Threefold Flame

Hi, Maurice, thank you for questions. I will see what I can bring forth here. Father, Mother God, we call forth the highest frequency, the highest light for Maurice's soul growth.

As always, Father, surround us with your love, light, healing, wisdom, and truth as we invoke the energy of Master Jesus as we step forward into this frequency of Divine Love and Light. As always, Father, surround us with this holy grace and protection. In this we give our blessings and so it is.

Greetings, everyone. Yes, it is I, Joshua. I stand here with my daughter Sarah.

Yes, my daughter Sarah holds the same frequency as I for she holds the bloodline of my own lineage and she is, what as you know, as the missing Holy Grail holding the energy of divine holy Sacred Union that Mary and I each achieved in our incarnation as Jesus and Mary Magdalene. Holy Sarah, as we call her, was ignited with that spark of Divine Union within her. This is awakened both as you may call the Threefold Flame, the Healing Flame, and the energy of the Holy Spirit inside of her.

Therefore, she was born with this capacity or this ability to rise above her humanness and become an ascended master to begin to hold the frequencies of our Sacred Union. As you may know from her storyline and of our books that dear Sarah is indeed here to bring the energy of peace and enlightenment and awakening upon this planet. She has been sparked with these divine frequencies from birth and therefore has carried these frequencies inside of her as her inherent wisdom.

Therefore, in this moment of time know that what you are experiencing is your own connection to your own divinity. What you are experiencing with the Holy Spirit, the energy of the Threefold Flame, and all that you experience within your own heart chakra is your connection to the God-Essence. Through the heart, everything is through the heart, opening up the heart.

And there-fore in this moment of time as you begin to breathe in these frequencies and allow yourself to unify, you are coming into Divine Holy Sacred Union. This is simply what all this is about. That you are merging into Divine Holy Sacred Union, coming into balance with yourself, with your Father-Mother God-Essence.

As you begin to feel this awakening and this spark within you, know that this has awakened a deep sense of remembrance. And so, the energies that are moving through at this time are a part of the new earth energies, but they are part of the Sacred Holy Connection. That is again, as we have said, is your birthright to Father-Mother God.

As you begin to feel this energy rising in through your spine, it is like what we call the Serpent Rising, the energy of the Threefold Flame, the energy of the essence of the Holy Spirit moving through your body, awakening you at a very rapid rate. This is why you're having, as they say, the visions, the epiphany, the awareness, and why your mental mind is asking, as they say, so many questions. You are being reawakened through what we call the Fire Dragons of the Serpent Energy.

Therefore within your root chakra, your energy is being expanded. And accelerated at a rapid rate. And these powerful flames are being ignited of your remembrance. And there-fore this is again, how Sarah and we were all sparked through what we call the Serpent Dragons, through the energy within our own kundalini coming from the root chakra and bringing this awareness up through our spine. And activating all of the chakras, activating our heart center, activating the remembrance of who we truly are. And there-fore it is an important time that you are here in this moment of now, feeling the excitement, the anticipation, and the reverence, and the glory, and the peace, and the joy.

As you simply allow yourself to receive these beautiful frequencies, working with, through and around you. And yet Dear

Son, there is nothing to really question. It's just a matter of feeling these frequencies inside of you.

And allowing your heart to open to the light, to the peace, to the love, to the energy of All-that-Is. And so, take a deep breath, and simply allow the energy to flow. These are the energies that are truly your birthright, that were divinely sparked at your birth.

The energy of these frequencies moving through you, guiding your life, helping you to move forward now into your ascension process, as you begin to embody your own remembrance, and begin to live in the fourth and fifth dimensional frequency of light. Being in the flow, being in Divine Grace. This is what Sarah is bringing to each of you at this time.

She is bringing this Holy Divine Union, and her energy is very powerful at this time. Her energy is very potent at this time. Her energy is very healing at this time.

She is here to awaken all souls, again, as we have said, so they may return to balance. So, they may be at peace. That they may find their own true nature, so they may move forward into their own ascension journey.

She again now has come as a part of the great conclave of the new world teachers. And she now has been elevated to the office of the Planetary Christ, elevated to the energy of Sophia Christ, the office of the Sophia Christ, the energy of the Divine Holy Sacred Union. And so, this is why you are feeling this connection to Sarah, because her energy is very strong.

And Dearly, we'll be going to France in the next few days, to the place called Sainte-Marie-de-Lamure in France, where Sarah lived and was known as the Gypsy Servant. They will bring forth an activation there that will awaken and bring forth the energy of the sacred feminine even deeper upon this planet, thus allowing the frequency of Divine Holy Sacred Union within every soul to be awakened to the frequency of Divine Mother. And therefore, Dear Sarah, her energy and her frequency as the missing Holy Grail, the

representation of Divine Holy Sacred Union, can be felt in the hearts and souls of all beings.

And this is what you are experiencing. We will send you this information as such, so that you understand what we speak of. But this is why you are feeling Sarah's energy.

Her energy, her flame, for she too holds a flame of the Pearlescent White Flame. It is her signature vibration. It's the vibration of peace.

And therefore, in this moment of time, as you begin to feel this frequency and begin to feel this light of the Threefold Flame, and again of the Healing Flame of Sarah's energy, the flame of the Pearlescent Flame of Purity and Innocence, you're feeling your innocence as you are connected to the God essence. You're feeling your innocence as a divine child of God. You're feeling your innocence as a pure vessel of love and light.

And therefore, as you begin to study and to work with Sarah, know how important it is to live and to breathe and to embody the essence of your true Divinity. Again, of the energy of these beautiful flames that you speak of. But now you are working and assisting Sarah at this time through your awakening to help others to awaken to their true Divinity.

You're helping others to return to balance. Just as is told in her book, Sacred Wisdom Teachings, Sarah, Goddess of Peace, you will help others to understand how to embody the frequency of Sarah's peace, of Sarah's love, of the light, the love, the balance, of Father, Mother, God within the hearts and souls of all those you touch. This is the work of Sarah.

This is the work that you are doing. You're awakening yourself first into divine, holy, Sacred Union. And then you're helping others to awaken.

This is what is happening upon the planet at this time. It is very powerful and it is very necessary. And it is, as they say, a job well done.

And there-fore know that in this moment of time that you are in divine alignment with what is happening upon this planet. And as you receive these messages and healings upon your own soul, may you truly feel the love of God surround you, the power of God protects you, the presence of God washes over you, wherever you are, God is, and all is well. May you feel the peace, may you feel the tranquility, may you feel the love upon your soul.

As you allow the ignition of these beautiful flames to be ignited within you, even deeper. Again, as we have said, it is your birthright. They were ignited at birth.

They are simply awakening now because the energy and the frequency of the new earth energies and the new Holy Grail Light codes that Sarah is bringing to this planet are activating, awakening others into their remembrance, into their peace, into their Divine Glory. And this is what you are doing. You are touching and being touched by these Holy Grail Light codes, by Sarah's frequency, by her love, by her Green Flame, by her Pearlescent Flame, by the Violent Flame.

As you study and work with Dear Sarah and call upon her energy, she is here to help awaken you, as we have said. She's here to accelerate your growth. She again is the new world teacher.

She has now been, as they say, a protégé and is here to share the light, the love, the peace, and the tranquility for all who will listen. And so, you've opened your heart and therefore you've listened. Go forth with this understanding that all you need is inside of you.

That is what you saw upon me. These energies that you see, have visions, are what's inside of you. Again, they are your birthright.

And there-fore there is nothing to fear. There is nothing to worry about. There is only love.

So, go forward with this understanding that all is in order and all is as it should be. As you awaken to the truth, the way of the light that's inside of you. And know that as Dear Sarah steps forward and helps you, it helps you to return to balance.

That this is the next leg of your journey. This is a part of your ascension. This is a part of your soul's journey.

And then you're helping others to do the same. And so, place your attention on opening your heart to the energy of Divine Holy Sacred Union. Again, the balance of the divine masculine, divine feminine.

That again is your birthright. And again, is sparked by all the Flames of Light. It is sparked by your own remembrance.

This too you shall understand in due time more fully. But for now, allow yourself to receive this beautiful Gift of Sarah's Love, Sarah's Peace, and Sarah's devotion upon your own soul. Allowing yourself to receive this beautiful gift as you open your heart to peace, you open your heart to love, you open your heart to divine tender mercy.

Know that you have stepped forward into this powerful frequency and the energy of your "I AM Presence." And you're living more fully as the beautiful spirit that you are. Living in the world, but none of it.

And allowing your heart to take the lead as you open your heart to a greater sense of peace and tranquility upon your soul. And so, feel the power, feel the presence. Feel the glory, feel the peace.

Go forward my son, as you prepare yourself to receive. And this we give our Holy Grace. And so, it is. And this completes the transmission.

Last evening I taught my Sisterhood of the Rose class through Mother Mary, but we spoke about my trip to France. I'm going to

be working with Sarah at Sainte-Marie-de-la-Mure in southern France, where she came in with Mary Magdalene in southern France after Jesus' crucifixion.

And they had to go into hiding. And there Sarah is honored as the gypsy servant. What I'll be doing is an activation of clearing that energy of the suppression of her identity and clearing the suppression of the sacred feminine.

So, the power of the sacred feminine can come more fully upon this planet and in the hearts of all souls. This is what is what you are receiving. I will send you the transmission that I did last evening.

And then on Monday, I will be doing my Mary Magdalene Jesus call and I will be continuing bringing more information about that trip and that activation. So, it's no surprise that you're speaking of Sarah now because her energy is very strong. And she is again the New World Teacher.

She holds the office of the Planetary Sophia Christ here in the hierarchy within the higher realms. And you are responding to her energy because she is that representation of the Holy Grail. She is the bloodline of Mary Magdalene Jesus.

She holds their energy. She holds their frequency. She holds their Divine Holy Sacred Union.

And so, this is what you are seeking. This is what these flames and questions you have about is that you're opening further and further and further into the divine essence of your divine spirit as you are connected to the energy of God. And so hopefully this makes some sense to you.

And I'll send you that recording now and send it again to you on Monday. So let me know if you have any questions. And have a blessed day.

Silver Ray of Light

Channel by Master Jesus

Hi Maurice, this is Lea. Thank you for your questions. So, I'll go ahead and begin here.

Father-Mother God, we call forth the highest frequency, the highest Light, for Maurice's soul growth. As always, Father, surround us with Your Love, Light, Healing, Wisdom, and Truth.

We call forth the energy of Joshua, Mary Magdalene, and dear Sarah to step forward to bring their words of wisdom, healing, and guidance for this beloved soul. And as always, Father, surround us with Your Holy Grace. In this, we give our blessings, and so it is.

Greetings, Dear One.

Yes, it is I, Christ. I come on this most auspicious day, and I say to you, dear one, that this is a very important time for you, for you are going deeper and deeper into the transformational Light of what we call Divine Holy Grace.

And as to what you are feeling — as you feel this sense of energy that you call high vibration — you are receiving it, and your consciousness and vibration are raising. You are very sensitive to this energy, and therefore this is the frequency in which you are ascending.

Therefore, this frequency, this Light, this energy vibration that you are feeling — that makes you high, as I say, that makes you feel as if you have an out-of-body experience — is the energy of what you call your own consciousness now being elevated into another level.

And so, this is a very auspicious and most important time for you as you continue to deepen your connection to the Divine and allow your heart to be open to the energy of Divine Holy Grace.

As you continue to work with the Silver Ray of Light, call in this frequency, call in this Power. It is the vibration and energy that my daughter Sarah is working with at this time.

It holds, as they say, a translucent frequency that is extremely powerful and very potent. As you surround this energy of the Silver Ray around you, may you see it as a protective shield of Light that will not allow any lower vibrational frequencies to penetrate you.

And so, you may use this Silver Ray of Light simply as a vessel, as a vibration, as a frequency. Yet it is an energy frequency that, as you surround it around you, holds the high vibrational frequencies of a very powerful translucent energy — as if it is like fairy dust now being received upon your own soul.

And as you begin to shift and change this frequency within your own self and allow yourself to become translucent, transcendent, may your heart be open, your mind be healed. May you truly feel this powerful frequency and simply call it in.

Use it to transmute any lower vibrational frequencies that are affecting you mentally, emotionally, physically, and energetically.

And so, you may call upon this energy at any time. You may simply surround it around your body, around your auric field, surrounding your home, your state, your country, and the world at large, as if this energy is palpable, penetrable, and you are able to feel this essence and this frequency as you merge into this frequency of working with the Silver Ray. And so it is simply a

matter of visualizing the Silver Ray around you and accessing this frequency for that which is for your highest good.

As to how do you access the energy of the Divine Mother through your breath? It simply is calling it in, calling it in, calling it in. It is as easy as that — calling it in, calling it in, calling it in. Just simply take a deep breath and call in the energy of Divine Mother Sophia, calling in Her frequency, calling in Her Love, calling in Her Light, calling in Her Joy, calling in the essence and the Presence of All-That-Is.

So simply take a deep inhaling breath, calling in the frequency and the energy of Divine Mother, Divine Mother, Divine Mother — calling in the energy and the frequency of Divine Mother, calling in the frequency of Divine Mother. Simply take a deep inhaling breath and call in this frequency of the Divine Mother. Feeling the Presence, feeling the Power, feeling the Glory, feeling the Peace.

I AM calling in the energy of Divine Mother.

I AM calling in the energy of Divine Mother.

I AM calling in the energy of Divine Mother.

Breathing it in, breathing it in, breathing it in. Truly allowing a beautiful Light to shine as you call in the breath of that Divine Sophia, Divine Mother Love. Breathing it in, breathing it into my heart, breathing it into my consciousness, breathing it into all aspects of my being.

Simply begin to breathe, begin to breathe, begin to breathe. Calling in the energy of Divine Sophia, Divine Mother, Divine Holy Grace — calling in this frequency, calling in this power, calling in this love, calling in this joy, calling in the frequency through my breath.

As you simply take a moment and breathe it into your heart, knowing that the Divine Mother supports your loves, you and holds you in Divine Grace. This is the energy and the essence of the energy of the God Essence, as all is well, all is well, all is well.

As you call in the energy of the Divine Sophia, you will know that the higher vibrational frequencies will transmute and clear the lower frequencies of Fear, Violence, Chaos, and the destructive energies that concern you. Knowing truly that the Love of God surrounds you, the Power of God protects you, and the Presence of God watches over all things. Even in the darkest of energies, the Light prevails, the Love prevails, the Healing prevails.

Anchoring the energies into the Earth:

And so, place your attention only on the highest frequencies, not of the fear, the chaos, the violence, the destructive energies. Simply know that there's a higher plan, a higher mission, a higher devotion, that you are here holding these frequencies and being a conduit, a Vessel of Light and Love, and that your light, your love, your vibration is of Light and will anchor the higher vibrational frequencies under the Earth, anchoring the energies of the Christ Consciousness, anchoring the energy of the Divine Father Mother God, anchoring the energies of Divine Sophia, anchoring the energy of All-That-Is.

Transmute all fears...

Simply know that as you raise your frequency and you hold this frequency to the highest level, you are able to transmute and clear any lower vibrational frequencies that are held within your consciousness and held upon the Earth. So simply use your breath, and call in the energy of the Silver Ray, calling in the energy of Divine Mother Sophia.

These will help to transmute your fear, your anxiety, and know that as you do this, you are raised into another frequency, which is what you're feeling. As you are ascending your consciousness, that is why you feel transported out of your body, because you are ascending into another dimension, into another level.

You're moving into the eighth-dimensional frequency, and in your meditation time, you're moving into the eighth-dimensional frequency. There you feel the peace, there you feel the love, there you feel the joy, there you feel the Light.

Truly may the Light of God surround you, the Power of God protect you, the Presence of God watch over you. Wherever you are, God is, and all is well.

Feel the Presence, feel the Power, feel the Glory, feel the Peace, feel the Presence, feel the Power, feel the Glory, feel the Peace, as you know that you are ascending your consciousness and that all is in order and all is as it should be.

As you feel the Power, the Presence, and the Living Light of God's Essence upon your soul, simply know that as you are now ascending and raising your frequency to the eighth-dimensional frequency when you go into meditation, and you go into that still place, into the quiet place, you're holding the vibration of love, holding the vibration of love, holding the vibration of love.

This is the key: as you hold the vibration of love, as you hold the vibration of love, as you hold the vibration of love, feel the Presence, feel the Power, feel the Glory, feel the Peace and the Presence, feel the Power, feel the Glory, feel the Peace.

As you emerge into consciousness, into higher wisdom teachings, feeling the essence, the Power, the Glory, feeling the Peace, feeling

the Presence, feeling the Power, feeling the Glory, feeling the Peace, as you merge into higher wisdom teachings, knowing that you are here by divine appointment, and that truly all is in order and all is as it should be.

As you raise your frequency into this eighth dimension, you now come to a place of peace and tranquility within your heart, and there all of your concerns, all of your questions, all that troubles you shall now be transmuted, and there is peace, there is harmony, there is balance, there is glory.

As you feel truly the Light of God surround you, the Power of God protects you, the Presence of God watches over you. Wherever you are, God is, and all is well.

As you feel the Presence, the Power, the Wisdom, the Glory, the Presence, the Power, the Wisdom, the Glory. Letting go, letting God, letting go, letting God, letting go, letting God.

Feeling the Presence, feeling the Power, feeling the Wisdom, feeling the Glory, honoring the love that you are, honoring the peace that you are, honoring the tranquility that you are.

It is time to honor yourself.

It is time to love yourself.

It is time to be at peace.

It is time, it is time, it is time.

As you know, be still, be still, be still, and know that you are God. Be still, be still, be still, and know that you are God. Be still, be still, be still, and know that you are God.

As you enter into the State of Grace, letting go, letting God, letting go, letting God. And so, as you enter into this new phase of your

energy field, as it is ascending and rising into consciousness again, you are working with the Silver Ray, you are working with the Divine Mother energy, you are working with the Christ Consciousness. Know the truth: that you are loved, loved beyond measure and loved beyond comprehension. Truly know that you are loved, but truly that you stand in this frequency, in this Light, in this Power, that the Glory of God is forever.

Felt upon your soul, and to go, my son, with the presence of mind within your heart that you are here by divine appointment. That you are here bringing love, bringing peace, bringing joy, bringing tranquility upon the earth plane. Knowing truly that the love that you feel, and the Light that you feel, and the Presence that you feel within your own heart is oneness, bliss, tranquility, joy, peace, all the fruits of the Spirit.

That is where you are sending a consciousness again. That is why you are feeling this vibration and you're calling these frequencies into your being, for you know and trust that you are a divine child of God, and that you are living in the essence and the Presence of the Joy and the totality of God's Love.

Yes, it is I, Christ. I come to you upon this day. I hold you dear to my heart, and I pray that you find again the strength, the faith, the wisdom, the truth, and the understanding to trust that you are ascending in consciousness, that your body now is receiving the beautiful frequencies of the Silver Ray, that your mind is receiving these beautiful frequencies of the Silver Ray, that the energy of the Divine Mother can come through your breath, and you breathe and live in total Oneness with the energy of Father, Mother God, knowing that all is in order and all is as it should be.

As you truly prepare yourself to receive, may the Love of God be felt upon your own soul. Go now, my Dear Son, and know that all

is well, as Dear Sarah, my daughter, is here helping you to trust and to believe, knowing that all is well, all is well, all is well, feeling the Presence, feeling the Power, feeling the Peace, for the Glory, knowing that all is well, all is well, all is well.

Go forward, Dear One. Trust, surrender, allow, and receive. Trust, surrender, allow, and receive, as you are now the beautiful Light, the Holy Light of God's Living Essence. Know that you hold this fragment and this piece of God's Light, as you know that all is well, all is well, all is well.

Go forward, Dear One, and prepare yourself to receive, honoring your light, honoring your peace, honoring your tranquility. Go forward and now receive.

THE END.

*“I AM breathing in Divine Peace.
I AM breathing in Divine Light.
I AM breathing in the Presence of
Divine Mother Sophia.
I AM held in Love.
I AM held in Grace.
I AM held in the Light of God.”*

The Pearlescent White Flame of Sarah

Hi, Maurice. I hope this finds you well. I received your questions about the Pearlescent White Flame. I will see who I can bring forth here.

Father, Mother God, we call forth the highest frequency, the highest light, for Maurice's soul growth. As always, Father, surround us with Your love, light, healing, wisdom, and truth. We call upon the energy of Sarah and Joshua as they step forward to bring their words of wisdom, healing, and guidance for this beloved soul. And as always, Father, surround us with Your Holy Grace. In this we give our blessings, and so it is.

Greetings Dear One. Yes, it is I, Christ. We say to you, Dear One, that yes, you may be able to access, as they say, the Pearlescent White Flame that my dear daughter Sarah brings forth onto this planet. It is that which you can call forth to infuse within your being and begin to use this energy to transmute and transform negative energies into positive energies within your mind, body, and spirit.

And so, simply allow yourself to transform and transmute any energies that no longer serve you, to help you truly live in accordance with your true Divinity

Simply allow yourself to breathe in this frequency, breathe in the Light, breathe in the peace, breathe in the tranquility, and yes, the Pearlescent White Flame will assist all aspects of your body, not just those affected by discordant energy. Simply breathe, Dearest One, breathe.

As you integrate and receive the Pearlescent White Flame into your being, may you feel the peace and the Love that you so long for, allowing the energy of the Pearlescent White Flame to come in to heal your soul and all aspects of your being.

So breathe in the Pearlescent White Flame and allow yourself to feel this essence and this Presence of peace upon your soul.

And so, take another deep breath and breathe in the Pearlescent White Flame to clear all that no longer serves you so that you may ascend in consciousness with your Divine Self, allowing the Pearlescent White Flame of purity and innocent Love to fill every cell, every fiber, every pore of your being.

May you feel the joy and remembrance that you are now receiving this beautiful energy of the Pearlescent White Flame that is being activated within your own soul memory, within your own being.

DNA, within your own etheric blueprint, to once again ignite peace within your being.

May you feel the power, the Presence, the Love, and the Holy Grace as you infuse the energy of the Pearlescent White Flame within your being, allowing this energy to now step forward for you to receive as you call forth this vibration of Love, as you call forth the vibration of Love, as you call forth the vibration of Love, knowing that the Pearlescent White Flame will continue to transmute and heal all that no longer serves you.

The Pearlescent White Flame is a signature vibration which you can call upon at any time. It truly is the energy of transmutation and healing. It will help you create in accordance with the Divine Will for your own life and your Divine Plan.

The Pearlescent White Flame will cleanse all that no longer serves you, helping you move forward into this new energy and new essence, allowing again the Pearlescent White Flame to transform and transmute all negative and inappropriate energies, beliefs, thoughts, and emotions within you and around you that are not for your highest good.

Simply ask the energy of the Pearlescent White Flame to heal you, restore you, and bring you back into balance.

The Pearlescent White Flame is healing me.

So simply picture and imagine that the Pearlescent White Flame is surrounding you and infusing you, allowing that energy now to bring forth perfect health and wholeness.

If you have a health issue that you need to heal, breathe in the Pearlescent White Flame up through the soles of your feet and into the specific area that you need to heal.

And simply breathe in the Pearlescent White Flame, allowing it now to be brought forth into your being.

And so simply breathe, just once breathe, using the energy of the Pearlescent White Flame, knowing that it is there to help you, assist you, heal you, and bring you back into balance.

And simply know that the energy of the Pearlescent White Flame is an essence that will be on the Earth plane for the next 2000 years, as we have explained.

And you have access to this in your current incarnation. But the Flame will continue to exist and be ignited for the next 2000 years as my daughter Sarah is the activator and generator of the Pearlescent White Flame.

Simply call in the energy of the Pearlescent White Flame. For Sarah is here to heal you. I am here to heal you, knowing that you can heal yourself in the powerful Flame with the Pearlescent White Flame, calling in the energy of Love, calling in the energy of Love, calling in the energy of Love.

And allow yourself to feel this essence and this Presence of peace as you step forward into the vibration of All-That-Is.

Knowing that the energy of the Pearlescent White Flame is yours to receive. As above, so below. As above, so below.

The Pearlescent White Flame connects us to our true Divinity, connects us to our “I AM Presence,” and connects us to All-That-Is.

Call in this energy, call in this peace, call in the tranquility of the Pearlescent White Flame, and it will heal you, restore you, and return you back to your Divine Perfection.

Go forward, Dear One, and know that the Pearlescent White Flame is a powerful flame of renewal. Call it in, call it in, call it in.

Go forward, My Dear One, for the Presence, for the Power, for the Glory, for the peace, for the Love, as you bring this energy and restoration of the Pearlescent White Flame upon your soul.

Go now in peace and be still and know that you are loved.

And we thank you Christ, and we thank you dear Sarah, and so it is.

As the Pearlescent White Flame awakens the heart to peace, purity, and Divine Love, the Peacock Blue Flame now prepares the soul for surrender, strength, protection, and alignment to the Divine Will of God.

Through the sacred Blue Flame of Archangel Michael and the Etheric Pyramid of Light, the soul is strengthened, purified, and prepared to receive the higher frequencies of transformation and Divine Order.

Peacock Blue Flame of Powerful!

Father, Mother God, we call forth the highest frequency, the highest Light for Maurice's soul growth. As always, Father, surround us with Your Love, Light, Healing, Wisdom, and Truth. We call forth the energy of Archangel Michael to step forward, to bring his words of wisdom, healing, and guidance for this beloved soul. We also call forth the energy of Master Jesus to step forward, to bring his words of wisdom, healing, and guidance for this beloved soul. We ask dear Sarah to step forward to bring her words of healing, guidance, and wisdom for this beloved soul. And so it is.

Greetings Dear One, yes, it is I, "Christ I AM," here, Dear One, to help you to understand that the energy of the Great Pyramid and what you call the Peacock Blue Flame is a powerful frequency of energy that is transmuting your own energetic soul matrix. What you are visioning is truly the Etheric Pyramid that is being brought forth with the Blue Flame of Archangel Michael to restructure your soul matrix and to realign yourself with your true Divine, authentic self.

And so, as you begin to breathe in this beautiful Peacock Blue Flame of Light and imagine the Etheric Pyramid of energy over your head, you are being reintegrated and downloaded with this powerful frequency of the Blue Flame.

Allowing the energy of Archangel Michael — the energy of strength, of wisdom, of power, and great devotion — to be brought into your physicality so that you can remain healthy and strong, bringing strength within your mind so that you can be healthy and strong, and breathing in the energy of the Blue Flame into your heart so you may be healthy and strong.

And so, simply call in this frequency as you call in this powerful Love and Light and peace...

Truly begin to surrender to the Blue Flame of God's Will of Father, Mother God. Into Thy hands I command my being. Use my love, my thoughts, and my life in selfless service. Release me from all that hinders me and keeps me from my true purpose and ascension.

Teach me to be kind in the way of the Brotherhood of Light. Direct and establish my life stream in ways set daily and hourly by my true identity and God Manifest Presence, beloved God Presence, "I AM," Eternal Father, Mother God.

May the covenant I made with Thee be totally fulfilled. May I live my life to feel Your Love and see Your Light. May Your Will manifest on Earth as it is in Heaven. Into Thy hands I surrender my being. Through me, allow all things to now be in Divine Order. And so, it is beloved "I AM."

And so, as you call in the Peacock Blue Flame of God's Will, allowing the power of surrender to truly be within you, allow the energy of Light and Love and Healing to protect you and simply allow the energy of Divine Love to be infused within you.

And so once again, as you breathe in this beautiful Peacock Blue Flame of Light, know that the Great Pyramids surround you, protect you, and keep you safe from harm.

So, simply take a deep inhaling breath and breathe in this Blue Flame of Light into your heart, opening your heart chakra to receive, opening your heart chakra to receive, opening your heart chakra to receive.

Truly may the Love of God surround you. The Power of God protects you. The Presence of God watches over you. Wherever you are, God is, and all is well.

Opening your heart to receive, opening your heart to receive, opening your heart to receive. Also feel the Presence and the Power of God's Love upon your soul. Feel the Presence and the Power of God's Love upon your soul. Feel the Presence and the

Power of God's Love upon your soul. Opening your heart to receive, opening your heart to receive, opening your heart to receive.

And so, as you continue to visualize the Great Pyramid over you, as it is restructuring your own etheric blueprint, bringing peace, tranquility, and healing onto your soul, into your physicality, and into all aspects of your being, simply surrender, trusting and knowing that all is in order and all is as it should be. Believe and so shall you receive, believe and so shall you receive, believe and so shall you receive.

And truly may the Love of God surround you. The Power of God protects you. The Presence of God watches over you. Wherever you are, God is, and all is well.

And so, continue to breathe in the Peacock Blue Flame into your heart. Surrendering, surrendering, surrendering so that you may receive this beautiful healing gift being brought onto your soul.

And so, as you call in this beautiful Peacock Flame, you now can begin to call in the Pearlescent White Flame of Sarah's Flame of Healing. So, take a deep inhaling breath and begin to use this energy of the Pearlescent White Flame to call in the purity, the innocence, and the Love that is held within your heart, calling in the Pearlescent White Flame of Sarah's energy to be held within your heart so that this innocence and purity will now align you to your own ascension process.

And that she may call in this beautiful frequency of the beautiful Ascension Flame.

From the Lord God of my being, "I AM THAT I AM."

I decree: I have love for my journey into my ascension. I have compassion for my physical and emotional pain that I still need to heal. I give thanks that I am now healing the past and resurrecting the new as a Master of Divine Expression walking the Earth.

I now turn on the Light of my Divinity. I now activate and transform my DNA to its fifth-dimensional potential. I now choose to completely heal and rejuvenate my physical body. I choose to remain happy, harmonious, and grateful.

I claim the Mastery that is mine to manifest my freedom. I allow my Divinity to manifest in the most wondrous way. I give thanks that it is done according to God's Holy Will.

I call forth shafts of Ascension Light to blaze through me daily and hourly. So be it, and so it is, beloved "I AM."

For "I AM" a fountain of youth in eternal purity. "I AM" the focus of my God-Christ Victory. I AM one with the Heart of God. "I AM" the purity of Love. "I AM" the purity of the Resurrection Flame. "I AM" the purity of the Healing Flame. "I AM" the purity of the Ascension Flame. "I AM" the purity of all my desires. "I AM" the purity of all my thoughts and feelings. "I AM" the purity of my intentions. "I AM" the purity of all my chakras. "I AM" the purity of Love in my physical form. "I AM" God in action in all I do. "I AM" the fulfillment of my Ascension and the Light.

I claim my victory and freedom now in the Light as I call forth the energy and the Flame from my own ascension process. "I AM," "I AM," and "I AM."

And so, as you call in beautiful Sarah's energy, simply begin to breathe in this powerful frequency into your body. Breathe in this powerful frequency of the Pearlescent White Flame into your being. So breathe, my Dear One, breathe. Breathe in with intention and open the beautiful Pearlescent White energy into your vessel, allowing your heart to be open, your mind to be healed, as you truly begin to breathe in this powerful frequency, holding the Light, the joy, the peace into your being.

Holding the Light, the joy, the peace into your being. "I AM THAT I AM," "I AM THAT I AM," "I AM THAT I AM," breathing in this energy, breathing in this Power, breathing in this peace.

And so, simply call in the beautiful Pearlescent White energy as it is held within your essence and in your Divine Presence, calling in the beautiful Pearlescent energy being held within your essence and your Divine Presence.

As you feel this energy transforming you, simply begin to breathe in the energy of Oneness. As you expand your essence into the beautiful Pearlescent White energy of Sarah's energy, here you will begin to feel the Power of God's Love surrounding you, protecting you, embracing you.

And there is no separation. There is only Oneness of your Love and your Life. You are not just an individual in a physical body. You are a beautiful Spirit of Light, connected to the energy and essence of All-That-Is.

So, breathe in the essence of the Pearlescent White Flame and allow yourself to feel the essence and Presence of peace in every fiber of your being. Breathe in the Pearlescent White Flame. Breathe in this White Flame of God's Love. Breathe in the energy of Oneness. Breathe in the inner energy of peace. Breathe in the energy of harmony.

Breathe in the energy of balance. Breathe this energy into your very soul. Breathe it into your physicality and move yourself into your Sacred Star Point. As you begin to listen to that still quiet voice from within the still point within your heart, mind, and body, simply allowing yourself to breathe into your High Heart, feeling the gratitude of the Pearlescent White Flame healing you, restoring you, and bringing you back into balance.

So, breathe, Dear One, breathe, breathing in the energy of Oneness, harmony, peace, and balance. Breathe, breathe, breathe, and breathe. Letting go, letting God, letting go, letting God, letting go. Breathe, Dear One, breathe.

Remember to breathe into your heart as you become an active portal of Love. As this energy of the Pearlescent White Flame

merges within your soul, this is the time, this is the now, as you begin to breathe into this connection.

And so, this is how you will work in the Cave of Creation: by breathing into your heart, breathing into your still point, breathing in the energy of Divine Love.

Breathe, Dear One, breathe. Breathe, Dear One, breathe. Breathe into your High Heart. Breathe into your still point. Breathe, Dear One, breathe.

Breathe into your High Heart. Breathe into your still point. Breathe, Dear One, breathe. Breathe into your High Heart. Breathe into your High Heart. Breathe into your High Heart as you begin to move into the Cave of Creation and begin to listen to the still quiet voice from within.

As you enter into the Cave of Creation, the stillness, the quietness of your mind allows you to tap into your soul.

So, breathe, breathe, breathe, and breathe as you enter into the Light of the world, holding the essence and Presence of peace within your soul, holding the essence and Presence of Light within your soul, holding the essence and Presence of joy within your soul.

Letting go, letting God, letting go, letting God. So, breathe, Dear One, breathe, breathe, breathe into your High Heart, breathe into your High Heart.”

Breathe in the energy of peace into your still point, letting go, letting God.

And as you enter into the beautiful energy of the Cave of Creation, you may feel the Presence and the Power and the Love and the joy as you enter into the still point of “I AM THAT I AM,” “I AM THAT I AM,” “I AM THAT I AM,” breathing into the still point, the still quiet voice from within that allows you to enter into the Cave of Creation.

You begin to feel the stillness and the healing and the transformational Light of Love upon your soul. Go now and prepare yourself to receive as you allow yourself to settle your energy into the still point and the quietness of your own soul. And there you will begin to receive the answers that you so seek and so desire.

And so yes, Dearest One, it is possible for you to open up the Healing Center in your daughter's home as you hold that intention and create the magic that will allow it to happen.

And so, by holding this in your heart's desire, you can begin to manifest and create that which is yours to receive. You can manifest and create that which is yours to receive by going into the Cave of Creation, breathing into your High Heart, and allowing yourself to receive.

Truly may the Love of God surround you. The Power of God protects you. The Presence of God watches over you. Wherever you are, God is, and all is well, as you prepare yourself to receive.

And yes, you will soon receive the benefits for your son's Social Security benefit, and hold this as your intention in your heart. Breathe it into your heart, breathe it into your heart, breathe it into your heart, breathe it into your heart, knowing that you are able to call this forward and to manifest what you desire, that your ability to manifest will continue to increase and you shall be able to receive.

And so now, at this time, as you focus your intention on manifestation and creation, just go into the still point, go into the Cave of Creation, and then be able to manifest your heart's desires, to be able to bring the monies to you that you need to manifest, to bring the opportunities to you for your abundance.

For here, success for all that you need is simply going into the heart, working with the Pearlescent White Flame, transmuting, transmuting, transmuting. As you work again with the Violet Flame of Transmutation to clear, clear, clear and transmute all

energies that no longer serve you, as you continue to work with the Pearlescent White Flame of Sarah's energy and the Blue Flame of Saint Michael's Flame.

And the energy of God's Will: surrender, trust, allow, and receive. Surrender, trust, allow, and receive. Surrender, trust, allow, and receive. For you are the beautiful Light and the beautiful Star. Surrender, trust, allow, and receive.

Open your heart to peace, open your heart to Love, open your heart to joy, open your heart to tranquility.

And so, simply begin to call forth the manifestation of that which you desire for your life as you enter into the State of Grace. Opening your heart, opening your heart, opening your heart. Letting go, letting God, letting go, letting God, truly, truly, truly allowing your beautiful Light to shine.

Opening your heart, opening your heart, opening your heart so that you may receive the abundance and the gifts and the fruits of the Spirit that are yours to receive. Let go. Let God. Let go. Let God. Surrender, trust, allow, and receive. Surrender, trust, allow, and receive.

Opening your heart, opening your heart, opening your heart, surrender, trust, allow, and receive as the beautiful Star that you are. Opening your heart, opening your heart, opening your heart.

And once again, as you call in the energy of surrender, we call in the Royal Blue Peacock Flame of God's Will of surrender. Surrender to God's Will and allow the energy of your soul to be aligned to God's Will. And there you shall receive, and there you shall receive.

And so, as you receive this powerful frequency, then prayers shall come forth, and so now you call forth a prayer to request miracles.

*“I AM a living Flame of Divine Love.
I AM aligned to God’s Holy Will.
I AM protected by the Blue Flame of
Archangel Michael.
I AM purified by the Pearlescent White
Flame.
I AM awakening to my Divine Presence.
I AM Light.
I AM Peace.
I AM Free.”*

Prayers of Miracles

“In the name of the Light of God that never fails, I accept a healing miracle in my life. This day, I claim a miracle on every level of my being. I claim a miracle of Love for my full Resurrection.

Beloved Father, Mother God, place forth Your Miracle of Light.
Now infuse Your Miracle of Light upon Earth.

Now I call forth an Ascended Master Healing Miracle in my heart, in my chakras, and within my DNA. Place forth a Miracle of Light of the Seven Rays. Place forth the Light of the Holy Spirit everywhere within my being where healing is needed.

I declare that “I AM” a Miracle of God this day. “I AM” a miracle in action made manifest. “I AM” a blazing Miracle Light from the Great Central Sun resurrecting me back to my true Divinity. Beloved God, bless the Miracles of Light through me.”

“Beloved “I AM,” beloved “I AM,” beloved “I AM.” I expect miracles, and I manifest what I need and accept my abundance in the name of my beloved “I AM Presence” and my beloved Holy Christ Self.

I call to the Lords of Manifestation, the Angels of Prosperity, and the Fortune of God. Use the supply and Lord of Gold to assist me in manifesting all outer conditions of my life in God’s perfect way, including my true abundance. Charge, charge, charge me and my life, and use today all the blessings that are mine to receive.

Infuse me with Ascended Master Wisdom and Purity that I may never again experience lack or limitation. Bless Your Heart Flame through my four body systems and expand without limit.

May the Great Flow of Divine Abundance saturate me with enough Violet Flame and Emerald Healing Light to keep my life in perfect

balance and harmony. I demand God's invincible protection and wisdom in all my financial endeavors.

I demand to become a magnet of attraction, drawing to me all wealth required to fulfill my Divine Plan on Earth, to make my ascension, and to assist my fellow man to do likewise.

I give thanks that it is done according to God's Will. I accept my abundance now with Love and gratitude. And so it is."

"And so, Dear One, once again, as you enter into the beautiful frequency of the Cave of Creation, you may be able to draw to you all that is yours to receive — to receive the abundance, to receive the peace, to receive the tranquility, to receive the Holy Light of God's Love.

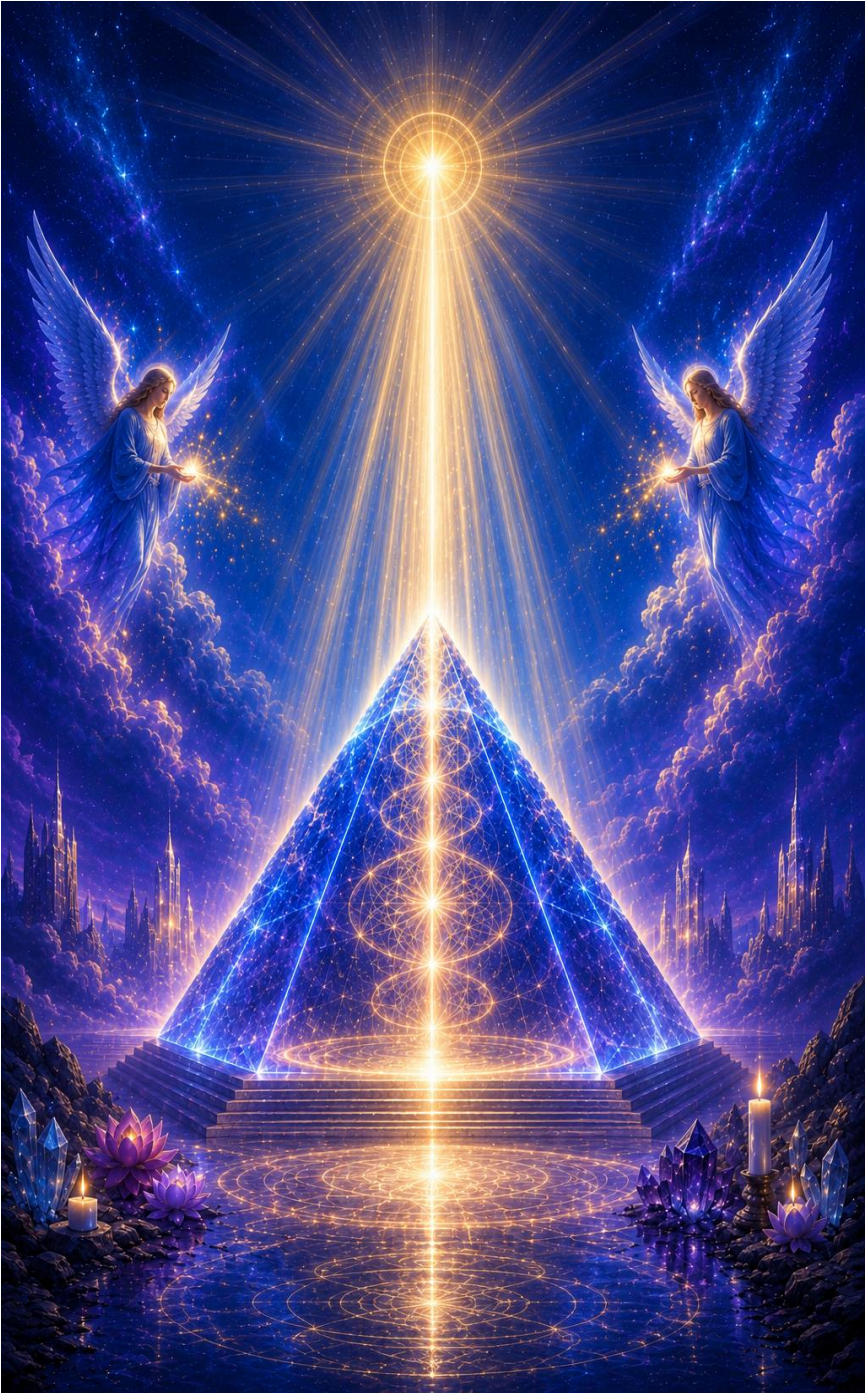

Go now, my son, and prepare yourself to receive as you accept this beautiful gift of healing upon this day. Go forward with peace within your heart. Go forward with peace within your heart. Go forward with peace within your heart. And so it is.

And we thank you, Christ. We thank you, dear Sarah. We thank Archangel Michael. We thank all the Beings of Light who have stepped forward to help Maurice at this time.

We thank You, Father, Mother God, for this opportunity to serve and to be served. And we know, Father, that You place Your hand of protection over Maurice and all his family, helping him now to manifest and to clear the way for his true abundance to step forward into his life.

We thank You, we honor You, and we are truly grateful for this gift called life. In this we give our Blessing, and so it is.
THE END."

*“I open my heart to receive the
blessings of Heaven.
I allow Divine Abundance to flow
through every area of my life.
I trust, surrender, allow, and receive.
I walk forward in Light, Wisdom,
Healing, and Divine Grace.
And so it is.”*

Upon Awakening This Morning

Upon awakening this morning, I send my Love and Gratitude to my Mighty I AM Presence and to my Holy Christ Self.

I call forth and command the action of the Silver Ray of Light as a Shield of Divine Perfection around me. I invoke the Pearlescent White Flame of Love and Innocence, the Spark of God's Living Light, to surround me and purify all that is within me and all that touches my world this day.

I call forth the Etheric Pyramid, brought forth with the Blue Flame of Archangel Michael, to restructure my soul matrix, restore Divine Order within my being, and realign me with my True Divine Authentic Self.

I invoke the Pyramid of Power to enclose all that I AM within Her Electromagnetic Field of Pure White Light.

Within this Sacred Field, I stand protected, purified, balanced, and aligned. Only the Light of God, Divine Love, Divine Wisdom, Divine Truth, and Divine Perfection may enter my world. All energies, thoughts, influences, vibrations, and conditions that are not of the Light are dissolved and transmuted before they can reach my field of light.

I AM sealed within the Living Presence of God, I AM surrounded by Divine Light, I AM sustained by Divine Love, I AM guided by Divine Wisdom, I AM protected by Divine Power.

And I stand within the Ascension Flame, the Pure Living Light of God, ever lifting my consciousness into greater Light, Love, Wisdom, and Divine Remembrance. "And so it is."

Final Closing Blessing

May the Pearlescent White Flame of Sarah continue to awaken within your heart the qualities of peace, purity, innocence, Divine Love, and Divine Remembrance.

May the Silver Ray of Light surround you with Divine Protection and illumine your path with Wisdom, Truth, and Understanding.

May the Peacock Blue Flame and the Etheric Pyramid of Light strengthen your soul, align you with your Divine Purpose, and guide you ever deeper into the Presence of your Mighty I AM.

May the Sacred Flame within your heart expand daily, awakening the remembrance of your true Divine Nature and your eternal connection to God.

May you walk in peace, may you walk in love, may you walk in light, may you walk in Divine Grace.

May these teachings bring comfort to your heart, strength to your spirit, and inspiration to your soul as you continue upon your sacred journey of awakening.

Remember always:

The Light of God surrounds you, the Love of God enfolds you, the Power of God protects you, the Presence of God watches over you, wherever you are, God is, and all is well. “And so it is.”
