About This Transmission

The following message was received during a private spiritual session with Lea Chapin on April 5, 2021. In this transmission, Master Jesus speaks of healing through the heart, the I AM Presence, Divine Protection, and Maurice Ramsey's lifetime among the Essene Family of Light.

Master Jesus Teaches Me to Heal

Hi, Maurice. Thank you for your question, and I will begin my transmission. Father, Mother God, we call forth the highest frequency, the highest light for Maurice's soul growth.

As always, Father, surround us with your love, light, healing, wisdom, and truth. As we invoke the energy of Master Jesus to step forward to bring us words of wisdom, healing, and guidance to this beloved soul. And as always, Father, surround us with your holy grace.

In this we give our blessings, and so it is. Greetings, dear one. Yes, it is I, Christ.

As I step into your energy field, I bow to you. I thank you for allowing me to help assist you at this time. As, yes, dear one, you were one of the many disciples or followers of my teachings.

You were part of the Essene family of light, and you were a part of the great community of the Essenes, and you worked closely with the energy of Mother Earth and the elements of the Earth. You were a powerful healer at that time, and you were a male, and you worked with the energy of the Earth.

You worked with the alchemy and the healing of the plant kingdom as you were an herbalist, and you were very much like a medicine doctor, so to speak, but were an herbalist and provided

healing onto the family of Essenes or the community of the Essenes Family of Light.

Therefore, this is a part of what your healing ability is now. You have a tremendous natural ability to heal through your presence, through your eyes, through your hands, through your own auric field. This, again, is an aspect of your Oversoul that you have had many lifetimes of healing, but in your lifetime as an Essene, and, yes, as a follower of my ministry, you, again, were very much one who provided the healing that was so needed to those in need.

You also listened and studied under my tutelage, and, yes, you called upon the energy of the God Essence, not only to protect yourself, but also for healing, and so very much like calling in the energy now of calling in the hierarchy of all of the Masters, Guides, and Teachers, and of the great God Creator Source as well. You now, then and now, access this energy of God's healing light, and, therefore, this is of great importance to you in your healing abilities as you did then at that time. You were in direct alignment with the God Source, and, therefore, you were accessing the information for your healing through herbalism and through plant medicine and through healing through your hands and through, again, your own vibratory frequency, and so you were deeply connected to the I AM Presence, to the Great Creator, and very much like a Reiki transmission, you would lay hands upon people and they would be healed.

You would make concoctions of plant medicine and they would be healed, and so now you have the ability to call in the power of your I AM Presence, and, therefore, the individuals can be healed in a miraculous and you may call a mysterious way. Therefore, you are bringing a carryover of your abilities now into this lifetime, and how you were able to bring that into this incarnation was through, again, through your devotion and through your commitment to the Great Creator and onto me, and, therefore, in this moment of time, you must understand that, again, you have the ability to heal others instantaneously, as you call in the I AM Presence, and how we worked with this frequency was, again, an instant and immediate connection, connection from the heart, and, therefore, with your

beautiful open heart, you have the ability now to heal from your heart.

You operate it from your heart center, not from your mind, but from your heart, and so this was how I instructed my disciples that it had nothing to do with their mental mind.

It had to do with connecting to the God Presence through their heart, to be heart-centered, and to allow their own heart to be the guiding source that guided their lives, and so this is also how we accessed the gifts of healing by opening our heart chakra and beginning to truly operate and live from the heart, and this is the connection to the Great I AM.

This is the capacity to heal most readily through intention, the intention of living from the heart, and so these were the instructions that I gave to my disciples and to my followers to listen to the heart, to follow the heart, to connect to God through your heart, not only feeling, sensing, but knowing that you were divinely connected at all times, and this leads to divine protection, and so we simply called in the energy of the God Essence and called in the White Light of God to protect us, and that seal of protection of the White Light of God, sealing the energy of the White Light of God in its pure state.

And this energy was surrounding me, and as you see a White Halo around me, this is the energy of the God Essence protecting me and guiding me in its original state of purity, and so this is also how you can call upon the healing, to call in the energy of the White Light of God, calling in this sacred protection, calling in this Divine Mercy, calling in the willingness and the Light of the Great Creator, and knowing that if you call this frequency forward, that this White Light of Protection will always protect you and guide you.

Holding that intention, holding that belief, holding that faith, holding that trust, holding that allowance, and again you have held this devotion and faith onto me and onto the Heavenly Father, and so each and every time you invoke the energy of the I AM

Presence, each time you invoke the name of God, as you call upon the energy of Divine Holy Protection, you are immediately protected within your own energy field, and this is an immediate connection, and this you can share with others as they begin to trust and believe, simply surrender, trust, allow and receive, S-T-A-R, surrender, trust, allow and receive, and so as you surrender to Divine Will, knowing and trusting in the Divine.

You will always be protected, you will be guided, you will always remain, as they say, in the Divine Flow of God's Living Light of Truth and Essence, and so this is what I taught my disciples, these were the spiritual principles that I taught them, they were not complicated, they were simply, simple, they were living in your pure divinity, living in your true remembrance, living in a state of, again, Love and Devotion, and continuing to surrender, surrender, trust, allow and receive, and as you open yourself up to the energy of the God Essence, these Divine Principles, these Divine Frequencies, allow one to bring miracles forward, and to bring healing forward, and to bring understanding forward, and so I did not complicate these principles with my disciples at that time, for it was difficult for them to understand the complexity of my ability to heal, and the God's energy to heal, and so even to this day.

And to this moment, it simply is about surrender, trust, allow and receive, trusting that you are Divinely Protected, trusting that you're a divine child of God, trusting, trusting, trusting, trusting and allowing, and knowing that all is in order, and all is as it should be.

Maurice, you will step forward now in your healing abilities at a more profound and deeper level, and you will be able to heal others through instantaneous healing, as if it is like miracle healing, as you are calling upon my energy, my Essence, calling upon me to work through you, so you can bring healing to others, and that healing can be most, most immediate, most radiant, and know at this time, and that as your heart opens to the love of God, that you have the capacity, and the capability to heal, to heal, to heal, to heal, first bring healing to yourself, and then bring healing onto others.

Simply, knowing that as you call forth the healing power of God's love into every cell, every fiber, every pore of my being, that it begins to radiate from your own soul, begins to radiate from your own being, and that this light, this love, this energy of God's healing, becomes what you call your signature vibration, because Dear One, you have been a healer, as I've said in many lifetimes, and yes, you were a part of the Essene family, and you were an amazing healer at that time, and so trust, and know that your own life now, again, is representation of your lifetime then, as a divine healer, and that your intention, your hope, your desire, your devotion, to bring healing unto others. is

Again, the key to success, the key to healing, the key to allowing yourself to feel this state of what we call spiritual freedom, and spiritual awakening, that you have awakened now, through your own divine true nature, and through this Holy, Holy, Holy Protection of God's Living Light upon your soul, as the White Light of God surrounds you, as the energy of peace ensues you, as you begin to embody the frequency of God's Living Light upon your soul, you will be surrounded and shrouded with this great light, healing, and Divine Love.

As you move forward into the essence and the presence of your beautiful Essence Self, of your beautiful Oversoul, and therefore, as you merge with your Oversoul, and your aspects of your Essence Self, you will begin to integrate the completeness of your divine spirit, and again, this is what I my disciples, as they allowed themselves to integrate their personality with their own Oversoul, these were terms that they did not understand then, but it is all the same of what I shared with them, in a very simplistic, simplistic way of what I could share for them to understand at that time, but you can understand the integration of the personality with the Oversoul, and with one spirit connecting to the Great Heavenly Father.

And so, again, this all centers within the heart, awakening the heart, opening to the heart, being of the heart, living from the heart, embodying from the heart, and so again, this is, this is all which

you have done in previous lifetimes, and particularly in your lifetime as a part of the Essene family, during my time as Jesus of Nazareth, over 2,000 years ago, you live from the pure state of love and devotion, and there, this energy, this essence, this purity, still remains true within you, and this is the essence of who you are, a beautiful divine child of God, living from their purity, living from their heart, living from a place of peace and devotion.

So, go forth, my son, as you prepare yourself to receive, and allow your heart to open to receive this beautiful gift, as I continue to send healing onto you in this moment of time, and you will continue to bring forth your healing abilities, as they will continue to grow, grow, grow, as they will continue to expand, expand, expand, and as you continue to open your beautiful heart chakra to the truth, and the way, and the Light of the Living Light of God's essence and presence upon your own soul, go now, my son, and prepare yourself to receive, go forward in peace, and be still, and know that you are loved, love beyond measure, and love beyond comprehension, simply know that you are deeply loved, go in peace.
