Come in, thank you. And I now invite the highest, best, most loving possible channeling Guide for right now for this reading, this very time and space to answer more questions and bring through the information that will most serve. Please come in, lift us, connect and channel through me now.

Message from Lord Metatron

Beloved brother in spirit and Light. Indeed. “I AM” Lord Metatron, present with you now in frequency and focus, but know that I am always near and happy to assist you in your ongoing evolution and awakening. And we will begin by addressing your questions about spirit in terms of Healing.

Understand that you are progressing steadily along your healing path. However, there are blockages at the Soul and spiritual level which we will address now to help you to overcome the challenges on your healing path. Also, there are blockages on the collective consciousness level at the level of humanity, for humanity has indeed amassed a large amount of negative Karma on the collective consciousness level.

For as you are well aware, all humanity is linked together as one and so the choice of those in power at this time and along the lines of time to engage in war and manipulation and power and control, genocide and even the smaller negative karmic actions such as

complaining, manipulating, or lying, has created a block for humanity. But do not fret; indeed the angels, indeed the Divine are working at this time and space with earth and with all Souls and with Divine Love, Healing and Forgiveness to awaken the earth and to awaken all beings.

With this awakening and awareness at the individual level, you, your wife, your son, your friends, and the one whom I speak through—individuals scattered around the world—can take action personally and master karmically through forgiveness to alleviate effects of past Karma on a personal and collective scale. This will release blockages of mind, body, and spirit, in order to thrive in physical form, to advance in the spiritual path, and of course, as we have spoken to you of this before, to unite fully with Spirit, with Divine Love, with Divine Forgiveness, and with the fullness of Light that you are indeed. This is the root of the health troubles you have experienced in the past and leading up into the present.

Activating the Healing Team

And so now, beloved Maurice, on your behalf, I, Lord Metatron, call in the Healing Team of Angels and indeed call upon Divine Healing Light directly to surround you, releasing Soul blockages, mind blockages, and physical body blockages as is appropriate according to the Divine will.

You can also play a more proactive part in easing the burden of negative Karma, some of which has been amassed personally over your many lifetimes as a Soul traveler, and in this lifetime as well. Above and beyond this, you are able to ease the burden of Karma for all of humanity, which you are tied into, and so you may do this through uniting fully with the force of Divine forgiveness, infusing your consciousness with Divine forgiveness.

This is possible through song, through prayer, through a mantra used in meditation as often as possible. Four hours a day—when you are working, when you are cleaning, when you are brushing your teeth—return to the focus of Divine forgiveness: forgiveness, forgiveness, Divine forgiveness. Repeat this, see this, infuse your consciousness with this, and it will ripple out far beyond you in this present place and time, bringing the blessings of Divine forgiveness to all humanity, easing the burden and suffering caused through negative Karma.

The Path of Service

Also, your service towards others is the lack you feel in terms of not doing enough. Know that as you release judgment, you will feel better, and working with the forgiveness mantra will help with worrying as well. However, serving with love is the direct route and master path to full spiritual awakening. The reason is that positive service towards individuals and collectively for all humanity and for the earth creates positive Karma.

Indeed, the negative Karma which we speak of creates lessons, challenges, and struggles, but through love and service and

forgiveness, you are able to infuse your life with positive energy and positive karmic relations. This will manifest in turn in the form of spiritual rewards, physical blessings, benefits, and rewards from the Divine.

Indeed, Divine Love and Divine Healing are always accessible to you, and you are spot on in asking about affirmations for the power of language. The power of the written and spoken word can infuse all aspects of your life with the qualities you think and speak, and so there is a paradox: focusing upon illness and upon challenges with health can in turn affect more and draw more.

"The Divine Healing Light Orb surrounds all Souls with Divine Love, Healing, Forgiveness, and Light."

The Divine Soul Light Body Download

However, in this time and space, in this new paradigm that has already been entered into, you are doing a good job of beginning to co-create this energy directly with the Divine. Know that Source and the Divine are offering direct Healing Blessings and benefits. Now the Divine has created a Light Being, a Divine Soul expression of vibrant health and well-being in mind, body, emotions, and spirit—energetically, physically, spiritually, mentally, and emotionally aligned with the Divine blueprint for health, for well-being, and for vibrant living. And so, we invite in this Divine Soul, Divine Light Body, to enter into the space and to download now into your Being.

Divine Soul body download now,
Divine Soul Light body download now,
Divine Soul mind, download now,
Divine Soul Spirit, download now.

Transmit Divine healing blessings direct from the Divine through this Divine Soul Light Body now. Breathe, relax as this download indeed occurs.

Daily Healing Affirmations

Now to integrate this new healing technology of the Divine moving forward, beloved Maurice, the affirmation that you are encouraged to use is this:

Divine Source

Divine Soul Body heals me now.
Divine Soul mind heals me now.
Divine Source spirit heals me now.
Divine Soul healing all around.
Divine thought heals me now.
Divine Light heals me now.
Divine forgiveness, heal me now.
Divine blessing, heal me now.

Know that the Divine healing energetic imprint has been installed upon your mind, body, and spirit now. To integrate this new technology, there is a learning process for your body, mind, and spirit. Through mantra, a form of meditation of focusing upon the words you are speaking, you are able to integrate this Divine Soul healing body completely with your physical, spiritual, and mental form, uniting with the Divine blueprint for health and vibrant well-being.

Divine Soul body heals me now.

Divine mind heals me now.

Divine Spirit heals me now.

Indeed it is so, and indeed the healing will increase and amplify as you work with this sort of affirmation; the download has been complete.

Clearing Blockages with the Divine Light Orb

Now call upon the healing power of this Divine Soul that is merging with your being to remove blockages at the Soul level. To assist in this, we call upon a **Divine Healing Light Orb** to surround you now, completely and totally, on every level of your being.

With your mind's eye—your third eye—you begin to see this Divine Healing Light Orb swirling all around you. Within the Orb radiate magnificent streams of gold, purple, and rainbow healing light, directly broadcast from the Divine. This sacred Light flows through every level of your being, dissolving soul blockages, restoring harmony, and bringing every part of you into Divine alignment according to God's Will.

Divine Healing Light Orb

This is to remove blockages and density, but ultimately to remove Soul blockages which are at the root of the health troubles which you speak of. You are required, of course, to fuel your physical body with healthy foods, vegetables, and water, and to fuel your body with Divine Light, healing, and breathing in this Divine Light Orb that is all around, soothing the mind-body-Spirit complex. Release blockages on every level into the Light and replace them with unconditional Love, vibrant well-being, Compassion, Healing, and Love.

Indeed it is so. As you work with this healing energy of the Divine Soul, which has been created in the image and likeness of God to bring healing to the physical realm, know that much is out of alignment. But this time, this magical time in which you are living through, offers you the ability to completely release Soul blockages. Know that the work you do with this now releases strong blockages and Karma along the lines of time, both personal and on a collective scale for all of humanity. As you serve and love, indeed you progress.

Divine Soul heals me now.

Divine Soul body heals me now.

Divine Spirit heals me now.

Divine Source heals me now.

This will ease many burdens, and so it is important for you to infuse your consciousness with these blessings, for consciousness is always creating, always creating. Release worries and fears into the light as they come up, and stay very focused upon what it is you desire and what you are creating to infuse all of reality with the blessings of the Divine. It does look like the stars are aligned, so to speak, for a new, comfortable home for you and your family. While work, effort, and action are required, your healing center will also come to be through focused action, persistence, and infusing your reality with the blessings of the Divine.

Universal Healing Mantras

Another mantra you may have already heard along the same lines—to heal the body, mind, and spirit, to heal the collective consciousness of humanity, and to bring healing into your new home or healing center when they align in your reality—is simple. Repeat it often, over and over, feeling the power behind these words:

"I love you. I'm sorry for anything I may have done consciously or unconsciously to hurt you. Please forgive me. Thank you.

I love you. I'm sorry for anything I may have done consciously or unconsciously to hurt you. Please forgive me. Thank you.

I love you. I'm sorry for anything I may have done consciously or unconsciously to hurt you. Please forgive me. Thank you. I love you."

This opens your spiritual centers and works to heal karmic debts and stagnant energy in buildings, in people, collectively and personally. Know that we in the angelic realm are pleased with your forward progress and momentum. Indeed, many of the blessings that are already aligning and soon to align in your life—such as the home, the healing center, and the farm—are the rewards we've spoken of for Positive Karma, for serving others unconditionally with love, gratitude, and persistence. As you continue to serve, you will continue to be rewarded, especially when you combine your service with the powerful force of forgiveness.

Activating Deep Forgiveness

Seek forgiveness from all you or your ancestors have ever harmed at any time or place, on any level, consciously or unconsciously. Offer forgiveness now from your heart to all Souls and all universes who have ever harmed you or any of your ancestors, family, or friends, consciously or unconsciously, in this time or any time. Forgiveness releases the blockages which cause disease and illness; forgiveness paves the way for new positive beginnings personally and collectively for all of humanity. Forgiveness is an important mantra for removing the blockages which prohibit you from fully experiencing your oneness with all.

Oneness Meditation

In addition, practice directly connecting to All-That-Is, which you may do often by simply entering in and feeling your energy ground to the core of the earth. Here, feel your connection with her and with all:

"I AM one with All-That-Is.
I AM one with the Divine.
I AM one with Divine healing.
I AM one with Divine forgiveness.
I AM one with all of life."

Feel this, experience this, own this, for you are one. Feel, know, see, hear, and experience this now. Now, let this one light, this one Source, this one energy which you are a part of flow up. Let it open the Chakras of your physical body. Let it warm your mind, body, and spirit. Let it soothe pain or illness; let it release Soul blockages completely from your mind, body, and spirit, releasing them into the light. Let this light flow up, and go with that flow up into the direct presence of Source and All-That-Is:

I AM directly connected to the infinite abundance of the Universe.
I AM directly connected to the Divine Healing and Love of God.
I AM Love.

Deepening the Healing Vortex

Go up, lift up, and we now call upon Divine Healing Light to enter in. You may call upon Divine Healing Light at any time to work on your healing, your family, or to heal and serve others. Divine Healing Light, entering in now, surround and serve Maurice with this Purple, Rainbow, Shimmery White Orb of healing goodness—the direct energy of the Divine that has the ability to rearrange and realign all aspects of reality.

Remember that your physical body and your cells are always regenerating, and so you do possess the inner, innate ability to self-heal with the assistance and guidance of the Divine Soul, which has downloaded into your energy, being, and Soul to heal, uplift, and inspire.

Divine Soul heals me now
Divine Soul body heals me now
Divine Soul mind heals me now
Divine Soul Light body Spirit heals me now.

Through forgiveness, through love, through compassion, with the incredible Orb of Divine Light—Purple, Golden, Silver, Rainbow Light all around you—soothe the mind, body, and Spirit, and release blockages at the Soul Level into the Light. Also, release blockages according to Divine Will, as is appropriate and guided directly by the Divine; release blockages stored within Maurice's mind, body, and spirit into the Light.

I, Lord Metatron, call upon Universal Life Force Energy, Love, Compassion, Forgiveness, and Healing to take the place of any blockages. Your cells are blossoming like individual flowers, purging that which no longer serves. They are purging blockages and density into the Light so that you may illuminate to a new

level and degree, and so that you may vibrantly shine the full light that you are.

The Path of the Universal Servant

I also wish to remind you to continue to work with the force of patience, persistence, and practice. All of life is an opportunity to progress and to learn. Remember that unpleasant service towards others will create negative Karma in the form of obstacles, challenges, and struggle. Forgiveness will ease the burden of Karma that is collective for humanity and all Souls. Forgiveness combined with service, love, and a desire to help Earth, help humanity, help all Souls and all universes, will create positive Karma and align you with reward and opportunity.

A mantra:

I AM one with all of life. I AM an unconditional universal servant for all Souls in all universes. Feel the energy open up as I, Metatron, speak these words, for these words are backed with powerful frequency and truth, for you are. This is the direct path that opens doors to opportunities, eases suffering and burdens, and aligns you with the vibrant well-being that you desire and with the blessings and opportunities that the Divine has in store.

I am connected and one with all of life.

I am an unconditional, Universal Servant of all Souls in all universes. With love I serve, with Love I am connected to all. I AM a Universal unconditional Servant of the Divine. And Maurice, as you share your love and your heartfelt connection with the Divine, opportunity and reward will ensue.

I AM one with all of life. I AM an unconditional, Universal Servant of Divine Love, Divine Forgiveness, Divine Healing and Divine Light.

Conclusion and Final Blessing

Know that in this time and space together, a vortex has been opened—a link between you and the Divine so that when you call upon Divine Healing Light, Divine Forgiveness, and when you call upon the Divine Soul to heal you and heal others, the Divine will respond always.

Divine Healing Light, enter now. Surround me now, uplift me now. Open your mind's eye to see the Golden Light, Purple, Rainbow, Shimmery, Healing Light Orb that serves you unconditionally with increasing frequency as you unconditionally serve as the Divine Universal Servant of all Souls and universes that you are.

Remember, I, Lord Metatron, add this as well, and ultimately we are directly connected, for we are one. We are one Life Force Light Consciousness which makes up all, which serves all, and through Love, service, healing, blessings, and well-being unfolds. Know that your intention and your focus are key, even more than your feeling, when you connect with the Universal Light Energy and healing.

Do not fret if you do not feel anything in these cases. This energy is flowing to the area of blockages, mixing in with the block, and so you feel nothing because you are being protected from feeling the density of the blockage, which would ultimately lower your vibration. And so when you are not feeling anything, connect to this Universal Light and Universal Light, Divine Healing Light, please release any and all Soul blockages which are present into the Light so that the Universal Life Force Energy and Universal Light may stream in. Universal Light heals me now. Universal Soul heals me now. Divine Soul heals me now, for I AM an unconditional, Universal Servant of the Divine through Love, Forgiveness, and Compassion.

You are so loved, applauded, and appreciated for the work that you're doing so far. It is true, you have been blessed in this life, and your desire to give back is divinely aligned and supported. Know that as you fully shift into serving and loving all Souls in all universes, your personal struggles will be erased. Your personal lessons, obstacles, and challenges will be overcome with service, forgiveness, and great love. The cornucopia of reward and Divine Blessing will be bestowed upon you.

Your path is neatly laid out before you, yes, but it can only be seen one step at a time. I will walk with you; call upon me. Let us work together to serve and to love all Souls, all beings, as unconditional Universal Servants of Divine Light. Keep moving forward. There is always progress to be made, always service to be had; keep going. You are so loved and blessed and lifted.

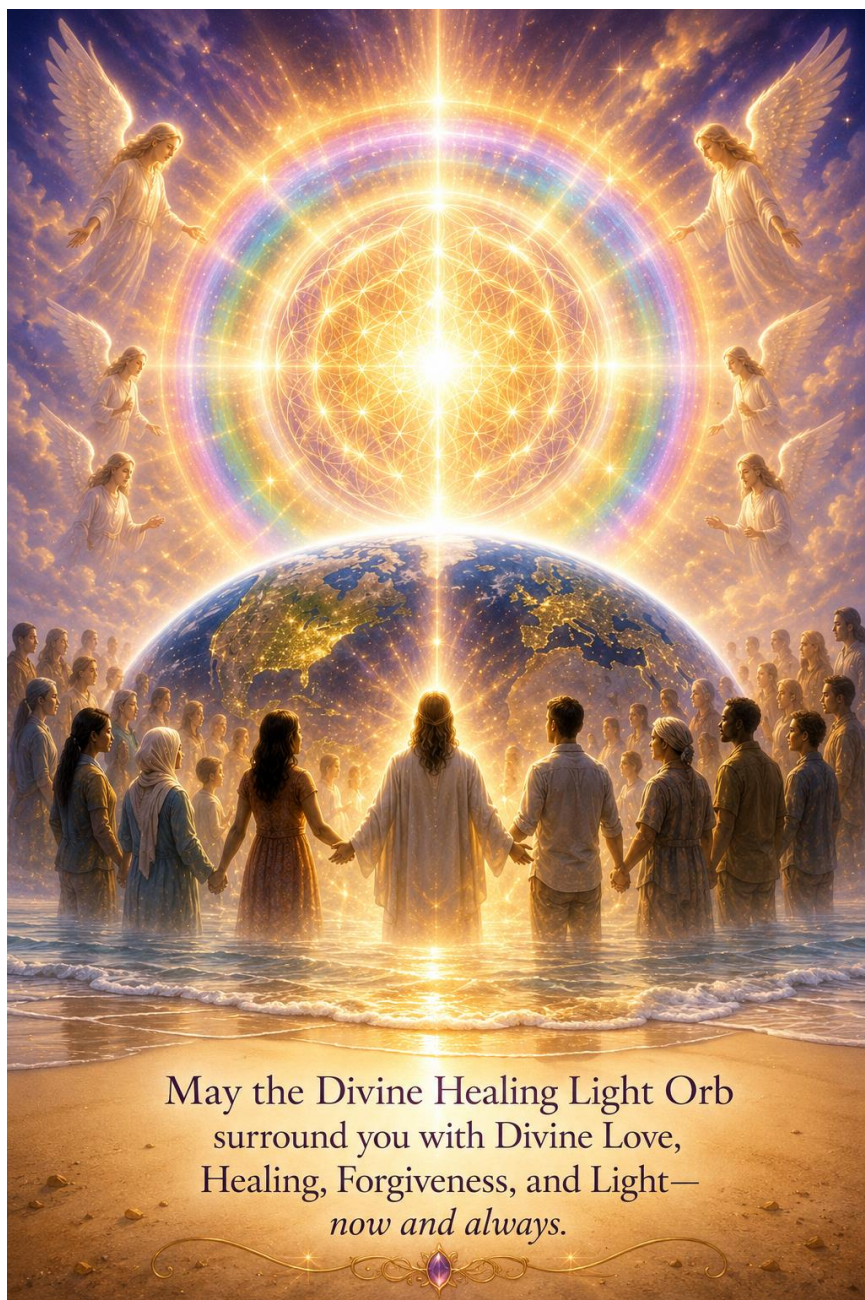

A Quick Refresher:

Divine Forgiveness, Divine Light, Divine Love, Divine Healing, Divine Light Orb, Divine Soul heals me now, for I AM a Universal, unconditional Servant of all life, all Souls, all beings. Indeed you are, and indeed you are loved. I leave you with my blessing.

Goodbye for now.

I AM Lord Metatron.

We are the world. We are all one.

May the Divine Healing Light Orb
surround you with Divine Love,
Healing, Forgiveness, and Light—
now and always.
