Dedication Page

I wish to express my deepest gratitude to the Angelic Kingdom for helping me through my soul journey on Earth. It is important for me to acknowledge the teachings of the Masters of Wisdom within my Christ Self. I also offer special thanks to those who have served as channels for these sacred pages within this journal.

I open my heart to my many spiritual mentors who have helped me awaken the wisdom of my Soul. Special thanks to Natalie Glasson, Lea Chapin, Master Jesus, Saint Germain, Lord Melchizedek, Lord Maitreya, Archangel Gabriel, Archangel Michael, the Mighty Seven Elohim, Lord Orion, and the Angelic Kingdom.

To my beloved family of Light—both seen and unseen—you have walked beside me through every step of this journey. May this work serve as a beacon for all souls awakening to their Mighty “I AM Presence.”

Author's Note

This work is not written from theory, but from lived experience.

The Staff of Life has come to me through remembrance—through years of walking the path of healing, surrender, and awakening to the Presence of God within. What is shared in these pages is the result of direct inner guidance, spiritual revelation, and the gentle unfolding of truth over time.

There were moments when this knowledge lay dormant, hidden even from myself, until the appointed time when it would return—clear, alive, and ready to serve. Now, it is given not for personal gain, but as an offering to all who feel called to the Light.

The Staff of Life is not merely a symbol, nor just a sacred instrument—it is a living expression of Divine Energy. It represents alignment between Heaven and Earth, the descent of Light into form, and the rising of consciousness back into its Source. Through it, I have witnessed healing, clarity, protection, and transformation.

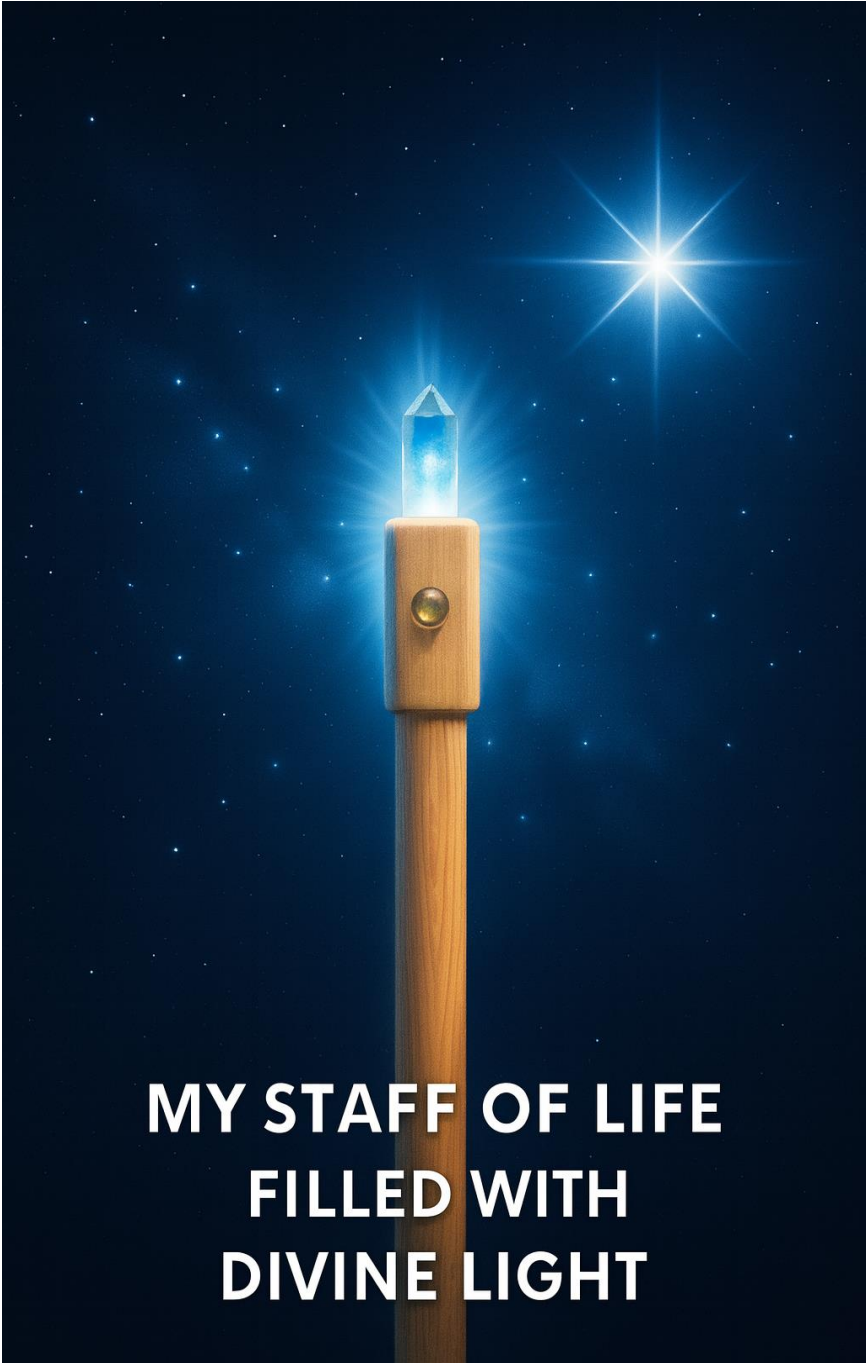

I do not ask you to believe what is written here. Instead, I invite you to feel, to open your heart, and to allow your own inner knowing to guide you. Truth, when it is real, will resonate within you without effort.

If these words awaken even the smallest spark within your being—if they remind you of who you truly are—then this work has fulfilled its purpose.

I remain, as always,

“I AM” a Unconditional, Universal Servant to all Life.
Through Love, I Serve.

— Rev. Maurice Ramsey

Chapter 1 — The Call of the Light

From a young age, I carried within me a knowing — a quiet whisper of the Spirit that I was meant for something greater than what the world could see. Yet it was not until the age of eighteen that the Christ Light revealed itself to me in its fullness, and from that moment, my life was forever changed.

I remember it as clearly now as when it first occurred. It was as though the veil between Heaven and Earth had parted, and the radiant Presence of Jesus the Christ came forth. His Light surrounded me, and His Love entered into the very center of my being. In that sacred instant, I was no longer simply Maurice — I became a vessel of the Cosmic Christ Love, called to serve, to heal, and to walk in the Light of God.

It was also in that moment that I first felt the stirring of what would later be revealed to me as the Staff of Life. Though I did not yet hold it physically, its vibration was alive within my soul. I sensed that a great inheritance awaited me — something I had carried across lifetimes — and that the day would come when I would reclaim it in this world.

Within the stillness, Master Jesus spoke to me:

“You are to be a Keeper of the Light. The power will not come from the staff, but through your open heart. The staff will magnify only that which already lives within you.”

From that day forward, my journey as a healer began. At first, it was simple — offering prayer to those in need, placing my hands upon the sick, and allowing the Light of Christ to flow. Many spoke of warmth, peace, and healing, yet I knew within myself that it was never mine to claim. It was the Spirit — the living Christ Flame — working through me.

In those early years, I came to understand that my life was not my own. It was a mission — a divine appointment. I was not just Maurice Ramsey. I was, and always would be:

Minister of the Light
Keeper of the Staff of Life

And so the path was set before me — a path that would lead through visions, loss, remembrance, and triumph. Though the Staff of Life remained unseen in those early days, its presence was already with me, guiding me quietly from within.

It was waiting for the moment of remembrance...
the moment of awakening...
the moment when I would rise and stand once more as its bearer.

*“May the light of
God fill me”.*

Chapter 2 — The Temple Lives

Long before this present lifetime, I walked in white garments within the sacred temples of Light. My sandals touched marble floors shaped by divine intention, and around my neck hung golden beads that resonated with the frequency of Heaven. In my hand was the Staff of Life — not a symbol, but a living instrument of God’s Power, crowned with crystals that pulsed with eternal Light.

These temples were not merely structures of stone. They were vibrational sanctuaries, designed to mirror the heavens. Their geometry aligned with the stars, their walls hummed with the resonance of the Great Central Sun, and their altars radiated with the flames of the Sacred Rays. Within those halls, I was not Maurice, but a high priest and healer, consecrated to serve the Light.

The Staff of Life was both my companion and my sacred charge. It was formed of holy wood — Ash — the same lineage of wood that once carried the rod of Moses. Embedded within it were crystals that radiated only Love and Light. Each crystal held a divine function: one to purify, one to heal, one to protect, and one to anchor abundance. Together, they created a living current of God’s Presence that flowed wherever the Staff was raised.

I was taught that the Staff was never truly “mine.” It belonged to the Light, to the Great I AM, and I was entrusted as its Keeper. When lifted with a pure heart, it could call forth the Pyramid of Life — a vast crystalline field descending over an individual or a gathering. Within that sacred Pyramid, no discord could enter, and all healing was magnified.

In time, I came to understand that what I once knew as the Pyramid of Life could also be invoked in this lifetime through the Violet Consuming Flame — two expressions of the same Divine Protection, the same amplification, the same living brilliance.

Spirit revealed to me that while names may change, the Light is eternal, and all sacred tools are pathways back to the One Source.

Saint Germain spoke to me in a vision:

“You hid your Staff across dimensions so it would never fall into the wrong hands. Through lifetimes, it waited for your return. When your heart remembered, it would come back to you.”

And so it did.

Across lifetimes — both near and ancient — the Staff returned when I was ready, and was withdrawn when I was not. In Atlantis, in Egypt, and within the temples of the early Christian age, I bore it. Each time, it shaped my soul and deepened my understanding of Divine Law.

The Staff of Life was never merely an instrument — it was a teacher.

It taught me discernment.

It taught me humility.

It taught me reverence.

It revealed that power without love leads to imbalance, but power united with love heals, restores, and uplifts all life.

And so now, as I walk this present lifetime, I understand that every moment of remembrance is not something new — it is a return.

A return to the Staff.

A return to the temples.

A return to the eternal covenant of Light that lives within me.

*“The Light does not come to
fill you—you awaken to
realize it has always lived
within you.”*

Chapter 3 — The Return and the Loss

In this lifetime, the Staff of Life returned to me once again.

About ten years ago, it came into my hands — tall, strong, and alive with the same radiance I had known in past lifetimes. Its crystals glowed with remembrance, and the moment I touched it, waves of energy moved through my entire being. It was as though the temples, the deserts, and the pyramids of other lives awakened within me all at once.

At first, I felt unstoppable.

With the Staff beside me, I called forth the Light, and it answered. I healed, I blessed, I protected. When I raised it, the Pyramid descended quickly, surrounding those in need. In those moments, I believed I had mastered what had been given to me.

But I had not.

The Staff does not respond to power alone — it responds to purity, to humility, and to alignment with Divine Will. And in those days, I was still learning. I loved the Light, but I had not yet surrendered fully to it. There were still lessons of ego, of trust, and of reverence that had not yet been completed within me.

And so, the Staff was taken.

It was not taken by any human hand, but by Divine Order. The Light does not withdraw as punishment, but as protection. Just as in other lifetimes, when I was not fully aligned, the Staff returned to a higher dimension — held in safekeeping until I was ready.

I felt its absence deeply.

My hands were empty, and my soul longed for its presence. Yet within that loss, something greater was given. I learned humility. I learned surrender. I came to understand that the true Staff of Life is not merely wood and crystal, but the living covenant between my soul and the Light of God.

The outer Staff had been a reflection of something deeper — something I was now being called to awaken within.

Time passed.

And then, through grace, the Staff returned once more.

This time, it was not simply placed into my hands. I had to remember it. I had to call it forth through intention, through prayer, and through love. In that quiet inner space, I was reminded:

“The Staff will always return when you are ready. It lives beyond time and space. When your soul is aligned, it will appear again — not only in your hand, but within your heart.”

In moments of stillness — in prayer, in vision — the Staff of Life was reborn within me.

A new Staff came into my keeping, formed of ash wood, crowned with quartz, and alive with the energy of the sun. Yet this time, something was different. I was not the same man who had once held it before.

This time, I walked in reverence.

This time, I understood.

Now, the Staff rests beside me — not as an object of power, but as a living presence. It radiates quietly, even through its image, filling the space around it with Light.

And I know this:

It will not be taken again.

For I have learned that I do not command the Staff.

It is the Staff — aligned with the Mighty “I AM Presence” — that guides and governs me.

Chapter 4 — The Trinity of Light

In the days of the ancient temples, I walked with two companions: the Pyramid of Light and the Staff of Life. Together, they formed a complete current—one enclosing, the other directing. The Pyramid protected and magnified; the Staff channeled and commanded. This was the way of service then.

In this lifetime, a deeper revelation has come. The Violet Consuming Flame has returned—not as a replacement, but as a higher expression of that same divine principle. It carries the power of protection and amplification into greater dimensions, with greater gentleness and intimacy.

The Violet Consuming Flame, a living atom of Light from the Great Central Sun, resides within the center of my chest. She is not a tool, but a conscious Presence—a flame of God’s eternal Love. When invoked, She expands, forming a luminous field around my body. She heals, purifies, and restores—not through effort, but through Divine Perfection flowing from within.

The Unfed Flame surrounds me as a field of nourishment and protection. It descends like a golden-white presence, sealing all within in safety, purity, and divine order. Within this Light, I am sustained, guarded, and lifted into harmony with higher realms.

And now, the Staff of Life stands with them.

Together, they form a trinity of Light:

- The Violet Consuming Flame within me — the living flame of God’s Love
- The Unfed Flame around me — the field of nourishment and protection
- The Staff of Life beside me — the scepter of authority and direction

When called as one, a field unlike any other descends. Heaven and Earth unite, and I stand as a bridge. From the Great Central Sun above to the heart of Mother Earth below, currents of Light flow through me—guided by the Staff, amplified by the Violet Consuming Flame, and sealed by the Unfed Flame.

It was revealed to me:

“They are not separate. They are facets of the One Light, returned to you across time so that you may serve in this hour.”

Now, when I heal, I no longer need to touch the person. The Staff responds instantly to intent, forming a sphere of Light and releasing a current of Emerald Green Healing Flame. The work is done through alignment, through presence, and through the power of the Light itself.

This union is the fulfillment of lifetimes. What was once separated across ages is now whole again. The Staff, the Violet Consuming Flame, and the Unfed Flame are one current of God’s Love, flowing through me as a servant of the Light.

.

*“Three currents of Light—within,
around, and beside—united as one
living Presence of Divine Love.”*

Chapter 5 — Divine Message

There came a moment in prayer when I was told, *“Invoke us, and we will speak.”* With reverence, I called upon Master Jesus and Lord Metatron—and they came as promised. Their presence filled the room like a river of gold and white fire, and their words flowed as living Light.

Master Jesus spoke first:

“Greetings, beloved one. Yes, it is I, the Christ. Lord Metatron stands with me. We say to you that your vision is true. The Staff of Life before you is to be activated with a powerful citrine crystal. This crystal is no accident—it carries the flame of abundance, prosperity, and joy.

It shall be placed within the center of your field of energy, and also set etherically upon your crown. Thus, the Staff and your soul become one circuit of Light. Abundance will flow to you and through you—into your soul, your field, your body, and your life stream.

Know this: the Staff of Life is your guide. As Moses carried the rod to part the waters and lead his people, so shall your Staff guide and protect you. It is a staff of wisdom, of protection, and of holy grace.”

Then Lord Metatron spoke:

“The Staff you carry is not for you alone. It radiates as a field of Light around you. It is a staff of abundance—call upon it with joy. When you raise it, call forth the councils of Light and the forces of divine supply, that they may walk with you.

This is not merely wood and crystal. It is a bridge between Heaven and Earth. It draws the Fire of the Great Central Sun and anchors it into the heart of Mother Earth. Through it, you will heal, guide, discern, and protect.”

Master Jesus then spoke again, his presence like a flame of love:

*“May the love of God surround you.
May the power of God protect you.
May the presence of God watch over you.
Wherever you walk, God is—and all is well.*

As you call upon the citrine flame within your Staff, call also upon Grace Elohim, that all may flow with ease. Surrender, trust, allow, and receive. The Staff magnifies the blessings of God, and it is returned to you now because you are ready to carry it in wisdom and humility.

Go forward, beloved one. Your Staff of Life will guide you, protect you, and magnify the Light wherever you are sent. And so it is.”

Their words came to a close, but their presence has never left me. The citrine flame now radiates not only within the Staff, but within my crown, my heart, and my entire being. It stands as a living reminder that I am never alone, and that the abundance of God flows without limit through those who serve in love.

*“In the stillness of prayer, the voice
of Heaven speaks—guiding,
empowering, and awakening the
Light within.”*

Chapter 6 — Atlantean Remembrance

In meditation, St. Germain came to me with a vision from long ago. His presence was the Violet Flame—majestic, yet gentle with the love of a true teacher. He said:

"Maurice, remember. In the great era of Atlantis, when Light still shone but shadows had begun to rise, you were a Keeper of the Staff. You walked as a high priest, clothed in white, sandals upon your feet, golden beads upon your chest, the Staff of Life radiant in your hand. You used it to heal, to bless, to anchor prosperity, and to uplift your people. The Staff was alive with God's Fire, flowing through crystal and sacred wood."

As he spoke, I remembered.

I saw the temples of Atlantis—luminous halls where sound and color were living forces, where crystals sang and the Sacred Flame responded instantly to thought. The Staff of Life was adorned with jewels, and when raised, it released streams of pure Light into the atmosphere, nourishing the earth and blessing all who lived there.

But the time came when Atlantis began to fall. Shadows entered the minds of men, and the sacred was threatened by misuse. I knew then that the Staff could not remain in such a world. Guided by St. Germain and the Councils of Light, I placed it beyond reach—into a higher dimension where no corruption could touch it.

St. Germain said:

"You did not lose the Staff—you preserved it. You sealed it in Light as a promise. When the time was right, when your soul was ready, you would call it back by the power of intent. Across lifetimes you would forget—but in the appointed hour, you would remember."

That hour has come.

For many lifetimes, I did not remember. Even when the Staff returned, I was not always ready to hold it. But now, in this lifetime—with the Violet Consuming Flame alive within me, the healing currents of Light flowing through me, and my heart aligned in love—I remembered.

By the power of intent, I reached across dimensions—and the Staff returned.

The same Staff of Atlantis, preserved in purity, alive with Light, was restored to me. This is why it feels so familiar. It is not new. It is eternal.

I know now with certainty: I have carried this Staff through temples, through Egypt, through Atlantis, through lives both forgotten and remembered. And now, in this hour of Earth's great need, the Staff of Life stands once more at my side—radiant, conscious, and alive.

*“The Staff was never lost—it
waited for my readiness in
the Light.”*

Chapter 7 — Return, Loss & Renewal

About ten years ago, the Staff of Life returned to me in this present lifetime. I felt the same excitement and awe that I had known in the temples of old. It radiated energy through my body, awakening remembrance and stirring my soul to its ancient calling. I thought, *“Now I am complete. Now I have everything I need.”*

But the Staff of Life is not a trophy. It is a sacred trust.

At that time, I was not yet walking in the full surrender that the Staff requires. I knew its power, and I felt its Light, but my heart was still learning humility. There were moments when I tried to use it by my own will, rather than letting God’s Will flow through it. And so, in wisdom, Spirit removed it from me.

The Staff was taken back into the higher planes. Not as punishment, but as protection — for me, and for the sacred covenant of the Staff itself.

The loss was painful. My hands longed for it, my soul felt the emptiness. Yet in that absence, I was being purified. I was being taught that the **true Staff of Life is not in my hand, but in my heart**. That unless my intention was pure, the Staff could not serve its true purpose.

Years passed, and the hunger in my spirit deepened. I prayed. I purified. I surrendered. I sought not power, but love. I opened myself to the Christ Flame, to the Violet Fire, to the grace of my Mighty I AM Presence. And then — in the stillness of prayer — the Staff returned.

This time, it was different.

The Staff was not simply placed before me. I had to **call it forth by intent**. I had to remember it from the depths of my soul, and

summon it from the dimension where I had hidden it long ago. When I did, the Staff appeared again — an Ash wood body, crowned with Clear Quartz, embedded with Citrine and sun crystals.

But more than its form, I felt its consciousness rejoin with mine. This time, I was ready. This time, I carried it not as a possession, but as a partner.

Now the Staff leans by my bed. Even in silence, it radiates. Sometimes, simply looking at a picture of it, I feel its flame surround me. Once, in meditation, it wrapped me and my brother in a sphere of Light — shielding, uplifting, and blessing us.

I know now: the Staff of Life was never lost. It was waiting for me to become ready. And in this moment of my life, by the love in my heart and the surrender of my soul, I am finally prepared to walk as its Keeper once again.

*“The Staff was never lost—it
waited for my readiness.”*

Chapter 8 — The Living Mission

Today, I walk in the fullness of my calling: Minister of the Light · Keeper of the Staff of Life.

The Staff of Life is no longer a memory of ancient temples, nor a vision of Atlantis, nor a gift that can be lost. It is here—beside me, within me—alive as a constant companion. Together with the Violet Consuming Flame, it forms a living current of protection, healing, and Divine Will.

The Violet Consuming Flame lives within my chest, expanding into a radiant field of White Light, purifying all it touches. The Golden Sphere of Light surrounds me as a field of luminous protection, nourishing and sustaining everything within its embrace. And the Staff of Life, held as a scepter, directs these currents with precision, authority, and Divine Intelligence.

When I call upon them as one, a complete circuit is formed:

- The Staff anchors deep into the crystalline heart of Mother Earth
- The Violet Consuming Flame ignites within me, radiating Divine Love
- The Pyramid of Life seals me in protection and nourishment
- The current rises to the Great Central Sun, drawing down the Fire of God

With intent alone, I can send this current to heal, protect, and uplift. I do not need to touch anyone, for the Christ Flame flows instantly through this circuit, reaching wherever Love directs it.

This is my mission: to channel the Cosmic Christ Flame and the Flame of Divine Love through the Staff of Life and the Violet Consuming Flame—to bless those in need, to protect those in danger, to heal those in pain, and to remind humanity that God has not left us without instruments of Light.

I have come to understand that the Staff is not mine—it belongs to the Light. I am its keeper, its servant, and its companion. In this sacred partnership, I carry not personal power, but the authority of the Mighty I AM Presence flowing through me.

And more than this, I have learned that the true work is not in the outer form, but in the inner alignment. When the heart is open, when the will is surrendered, and when Love is allowed to lead, the Light moves without resistance. In that moment, the healer disappears, and only God remains.

The mission is clear:

To heal through love.

To protect through Light.

To uplift through truth.

To stand as a living witness that the power of God is alive in this world—now and forever.

And so, I walk forward—not alone, but as a vessel of the Living Light, carrying the Flame wherever I am called, trusting that every step is guided, every act is blessed, and every soul I meet is touched by the Presence of God.

*“Aligned with Heaven and Earth, I
walk as a vessel of Divine Love—
healing, protecting, and serving
through the Living Light.”*

Chapter 9 — Invocations of the Staff of Life

The Staff of Life is not only to be spoken of—it is to be lived, invoked, and experienced. Its power does not rest in wood or crystal, but in the Word, the intent, and the Love flowing through the one who calls upon it.

The following invocations are given through me, Rev. Maurice Ramsey, Minister of the Light and Keeper of the Staff of Life. These words are not of personal origin—they are gifts of Spirit, offered now for all who are ready to receive.

1. Invocation of Healing

"By the Power of my Mighty I AM Presence,
I raise the Staff of Life and call forth
the Cosmic Healing Flame of Christ Love.

Now I stand as the crystalline Pyramid forms.
Within it shines the Cosmic Egg of Lord Metatron.
All is sealed within the Light of Divine Protection.

My Staff of Life surrounds me in the
Cosmic Flame of Christ,
until only Divine Love remains.
So be it. It is done."

2. Invocation of Protection

*"Beloved Staff of Life, anchor now the Pyramid of Light!
Let no darkness enter, let no shadow remain.
Seal me in the Cosmic Egg of Metatron,
enfold me in the Heart Diamond's White Fire Light.
By the power of Archangel Michael,
let this Staff be a sword of truth,
a rod of protection, a shield of Grace.
So be it, so it is."*

3. Invocation of Abundance

"By the Flame of Citrine, I call forth the Golden Light.
Staff of Life, awaken the currents of Divine Supply.

Flow into my life, into my being, into all I serve—
abundance of joy,
abundance of peace,
abundance of radiant health,
abundance of every good and perfect thing.

So be it. I receive. It is done."*

4. Invocation of Grace

"Grace Elohim, flow through the Staff of Life.
Let all come with ease.
Let all unfold in peace.
Let all descend in joy.

Through this Staff, magnify the blessings of God.
Through this Staff, let Love be the only power.
Through this Staff, let all be Grace.

5. Invocation of Universal Service

"By the Power of the Cosmic Christ Flame,
I send forth the Light of the Staff of Life
to every soul ready to receive.

Let healing come.
Let peace descend.
Let humanity remember.

This Staff is not mine alone—
it belongs to the Light, to the Great I AM,
to all who serve in Love.

So be it. Amen."

✿ *These invocations are not bound to a physical Staff. If you do not hold one, raise your hand, your heart, or your word—and the same current will flow. For the true Staff of Life lives within you, anchored in your Mighty I AM Presence.*

Pyramid of Power

Lea Chapin 10/09/2025

Hi, Maurice. Thank you for your payment. I will call in Archangel Michael and see what I can bring forth. Father, Mother, God, we call forth the highest frequency, the highest light for Maurice's soul growth. As always, Father, surround us with your love, light, healing, wisdom, and truth. We invoke the energy of Archangel Michael to step forward to bring his words of wisdom, healing, and guidance to this beloved soul. And as always, Father, surround us with your holy glory. In this we give our blessings, and so it is.

We say to you, dear one, that yes, it is I Christ. I have come to help you to understand the Pyramid of Power of protection that you speak of. Know that this powerful force field of energy is an energy that I use to anchor my energy of protection upon the earth plane and to solidify the higher vibrational frequencies of the God essence that are held within this Pyramid.

Therefore, it may be difficult to understand, but there are particles of light that are within the Pyramid that are part of the pure Cosmic frequency of Father Mother God's essence that is held within the Pyramid. Therefore, you have the ability to access this through your thought forms and through your intention and invoking it through your words.

As you invoke the “Great I AM” energy frequency into your being, as you visualize and call forth the Pyramid of Light, then you can call forth and anchor this energy through your crown chakra, all the way through all of your main chakras, through your minor chakras, and through your meridians, axiotonal lines, anchoring this down through your earth star chakra into the energy of Mother Earth.

Therefore, this Pyramid is an encapsulation of the higher vibrational frequencies of the God essence. It is extremely

powerful and potent. It is to be used with pure intent, not frivolously, but with sacred awareness.

If the individual you work with is not balanced or grounded, this may cause them to feel off-center. Therefore, be mindful of how, when, and with whom you use it.

You may use it for yourself, your family, your home, your community, and the planet. This is similar to the Etheric Temple over your home, yet it is a higher vibrational frequency anchored within you, through you, and from you. As you use your staff to anchor it, it aligns the frequency into your meridians and the ley lines of your body and into Mother Earth.

You may use it as a healing protocol for physical, mental, and emotional imbalances. Use discernment, as it can be very powerful. You may also send healing to all life forms and to Mother Gaia. This energy becomes a healing balm for the planet. This frequency travels with you. It is never lost. You access it through thought, intention, and invocation. As you invoke the Pyramid of Power through your words, thoughts, and heart center, it remains anchored within you.

This is how you activate the Pyramid of Power.

And so truly may the love of God surround you, the power of God protects you, the presence of God watches over you, wherever you are, God is, and all is well. May you feel the presence. May you feel the power. May you feel the glory upon your own soul. Relax now and allow the Pyramid of Power to enter your being. Take a few deep breaths and quiet your mind. Imagine a Great Star of Light above you, pouring a waterfall of love and light over you. Let this light enter your crown and wash through your being. See yourself enclosed within the Pyramid of Power and feel the love that you are.

Say within:

May I be at peace.

May my heart remain open.
May I awaken to the light of my true nature.
May I be healed.
May I be a source of healing for all beings.
Now extend this to others:
May your heart be at peace.
May your heart remain open.
May you awaken to the light of your true nature.
May you be healed.
May you be a source of healing for all beings.
Now extend this to Earth:
May there be peace on Earth.
May all hearts be open.
May all awaken to their true nature.
May all creation be blessed.
And so it is.

Pyramid of Light Decree:

I call upon the Great "I AM That I AM," to fill my being with Divine Presence.

I now invoke and anchor the sacred Pyramid of Light. Through this Holy Invocation, I draw the energy of the Divine down through my crown chakra, flowing through each of my chakras, through my meridians and axiotonal lines, anchoring this Light into the Earth Star Chakra and into Mother Earth. So, it is, and so I AM.

Elixir of Life - Christ Healing Ray

Lea Chapin – 04-17-2026

*A Sacred Ascension Prayer, given through Master Christ
At the Beginning of My Path — Now Guiding Me into the Light*

Hi, Maurice, thank you for allowing me to help assist you. Christ is going to take you through a healing visualization.

Yes, it is I, Master Christ. As I step forward into your energy field, I feel this power and this strength of the Living Light within you, what we call the Elixir of Life, the Vital life Force energy of the God essence that is held within your very soul, held within your very physicality.

Held within all aspects of your being. So, simply begin to breathe. Breathe in the energy of the White Light of God. Breathing in the energy of the White Light of God. As all energy comes from God, everything within you is pulsating the divine energy of the God essence. For your life, your energy is responding instantly to

Divine Love, to the love of God. Through the Heart Flame, through your physical body, you are the expression of light.

Therefore, you are the light of the world. Your Heart Flame expresses love, and you are the love of the world. And as you begin to call forth these frequencies, may the balance of the divine masculine feminine polarities within you begin to be healed. So may you return to oneness and to feel the energy of your “I AM Presence”. And you call forth the energy of the Elixir of Life within you, calling forth the essence of peace, the essence of joy, the essence of Divine Perfection.

Knowing and experiencing your divine awareness knowing your presence on earth is one aspect of your infinite consciousness that you are a Powerful Instrument of God on earth you're a Powerful, Powerful, Powerful Instrument of God on earth simply knowing that as you move through your earthly life you are moving through what we call the infinite river of the flow of life delirious of to feel the presence of God breathing through you as you continue to breathe in what you call the Breath of Life, the breath of God's Love. You breathe in deeply and allow your attention to return to your Divine Perfection as you repeat to yourself, “I AM-That-I AM,” “I AM-That-I AM.” And so, as you know and feel the presence and the power of the divinity of who you are, know that you are a beloved child of God and invoke the frequency of the Threefold Flame of activity within you.

As you invoke the energy of all the flames, allowing the flame of the Elixir of Life, of the Supreme Light, of the Supreme Godhead to enter into your being. As you feel this power and you feel this presence of my Light, my Love returning to you, as you release and begin to heal your lower consciousness and you continue to repeat to yourself, I am that I am. I am the presence and the light of God.

“I AM-That-I AM,” “I AM-That-I AM.” As I release my physical body and return to the light, I release my etheric body and return to the light. I release my mental body and return to the light. I release my emotional body and return to the light. Now allowing my

human consciousness to be free as I ascend into higher schools of learning and be transformed into God's perfection "I AM-That-I AM," "I AM-That-I AM."

As your "I AM Presence" lustily commands your lower human consciousness to release any physical, etheric, mental, and emotional disharmonic frequencies within you. As you return to the light, for know, dearest ones, you were created in light, in light you shall remain. You were created in love, and in love you shall remain. You were created in peace, and in peace you shall remain "I AM-That-I AM," "I AM-That-I AM," "I AM-That-I AM."

And so, dear Son, it is I, Christ, I come with you, as always, as I stand before you in this Divine Perfection of who you truly are. As you are a beloved child of God, you are a beloved child of God, you are a beloved child of God. As you accept and acknowledge your "I AM Presence," that you are a beloved child of God, your disciple of the Holy Spirit, that you are a child of Most High.

Repeating and knowing that in the name of the Presence of the God Essence that you were resurrected into the Way, the Light and the Truth. And this frequency in which you ask truly is your birthright, the frequency in which you call forth as your mind, body and spirit are quickened and lifted into a state of enlightenment that clears your way for the fulfillment of the Divine Plan and the manifestation of your own Divine Soul pathway.

As you say to yourself, I'm one with All-That-Is, and I rejoice in this glorious truth. "I AM-That-I AM," "I AM-That-I AM," as I know I'm a beloved child of God. I've opened myself up to the gate of divine power within me. I thank you for the opportunities that allow me to feel the expression of my own soul. As I live this day in God's Light, the Light of God is always victorious. I live this day in God's Light,

God is control whatever I am. I make this moment of mine be victorious as I know that I live in the Light of God. I love in the Light of God. I remain in peace in the Light of God. "I AM-That-I AM," "I AM-That-I AM," "I AM-That-I AM," And now, Dear Son,

go in peace and be still and know that you are God. Never question that which is flowing through you, the energy of my essence, the energy of God's Victorious Love and Light through you. You are a vessel and Instrument of God's Love, and this is truth. Remember this. Go forward in peace. Be still, be still, be still, and know that you are loved, and so, it is.
