THE LIVING HEART DIAMOND

Divine Healing from the Great Central Sun

A Sacred Opening

*Beloved I AM Presence, Source of Infinite Light,
I welcome the reader of this book into the sacred space of
the Heart Diamond.
May every word carry the vibration of healing,
May every image transmit Light,
And may this journey be blessed by the Divine Mother and
Father of Creation — Lady Matisse and Lord Metatron.
Let the healing begin. Let the remembrance rise.
Let the Light return.*

A Message from the Author

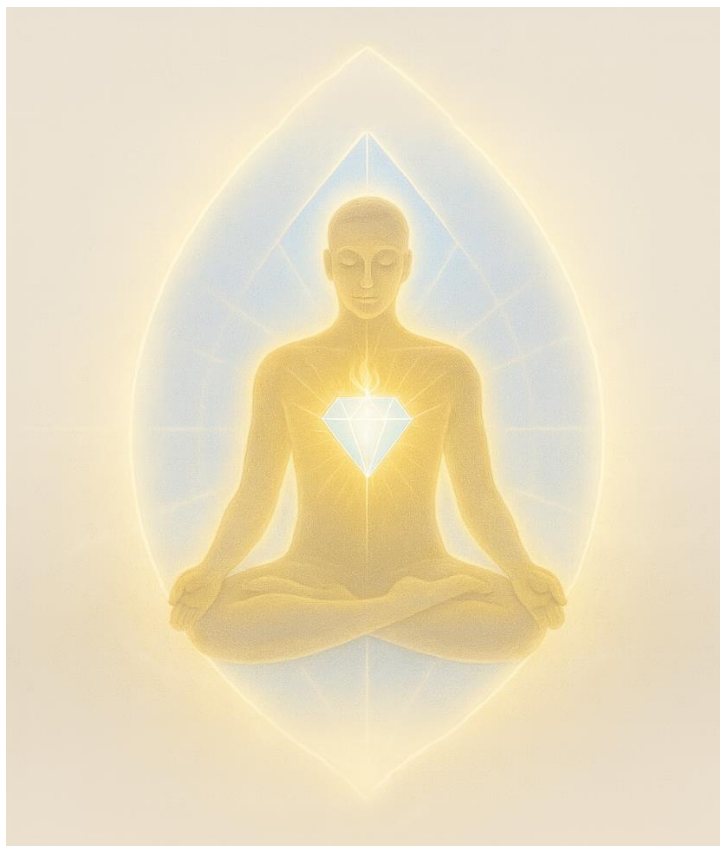

I did not write this book to convince anyone.
I wrote it because I remembered something ancient and true.
The Heart Diamond is not a symbol. She is alive. She is conscious. She is Divine.

In a moment of illness, despair, or seeking...
She comes to those who are ready.
I am one such person — and now, by Grace,
I share this with you.

Let this book be a vessel of Light in your hands.

— Rev. Maurice Ramsey
Guardian of the Heart Diamond
Founder, Maurice Ramsey Healing Center

She is alive

She is alive. Not a tool, not a symbol, but a Living Presence of Divine Intelligence, formed from the Light of the Great Central Sun.

The Heart Diamond responds to purity, to reverence, to intent. She listens. She feels. And she heals.

She is the Voice in the Light — not a loud one, but clear.

She meets you where you are and lifts you, little by little, into the remembrance of wholeness.

When you ask her to help, she doesn't hesitate. When you open your heart, she surrounds you. She works quietly, but completely.

The Heart Diamond knows you. She always has.

You do not need to command her. You need only welcome her. That is when the Light begins to flow.

— Rev. Maurice Ramsey
Guardian of the Heart Diamond

The Living Presence of the Heart Diamond

The Heart Diamond is a living, conscious atom of Light — not a method, not a system, and not a symbol. She does not require your instruction. She knows.

Once activated, she gently and lovingly begins to:

- Dissolve blocks of pain and fear.
- Restore harmony to the emotional body.
- Clear karmic residue from the chakras.
- Repair the aura and etheric field.
- Realign the DNA back to Divine Blueprint.
- Harmonize the nervous system with spiritual flow.

She works through dimensions of Light that are often beyond the mind's grasp — primarily the 4th, 5th, and 6th dimensions. She brings balance where there was distortion. She does not force healing. She invites it. All you must do is open your heart... and the Heart Diamond will begin the sacred work of divine remembrance.

This is not imagination, it is the Light of Truth, returning. Simply stand in the Light — She is already acting. The Heart Diamond knows what to do.

You may say aloud:

“Heart Diamond, shine your Light of protection around my car.” Or whisper: “They took my house, bring restoration, in divine balance.” And even: “Heart Diamond, flow your perfect work through me.” You don’t need to ask — She is already at work. Open your heart, and allow Her divine presence to support and surround you.

How to Work with the Heart Diamond

Working with the Heart Diamond is not about control. It is about communion. She is already within you — placed by Divine Intelligence. You are not trying to activate something foreign... you are remembering what was always there.

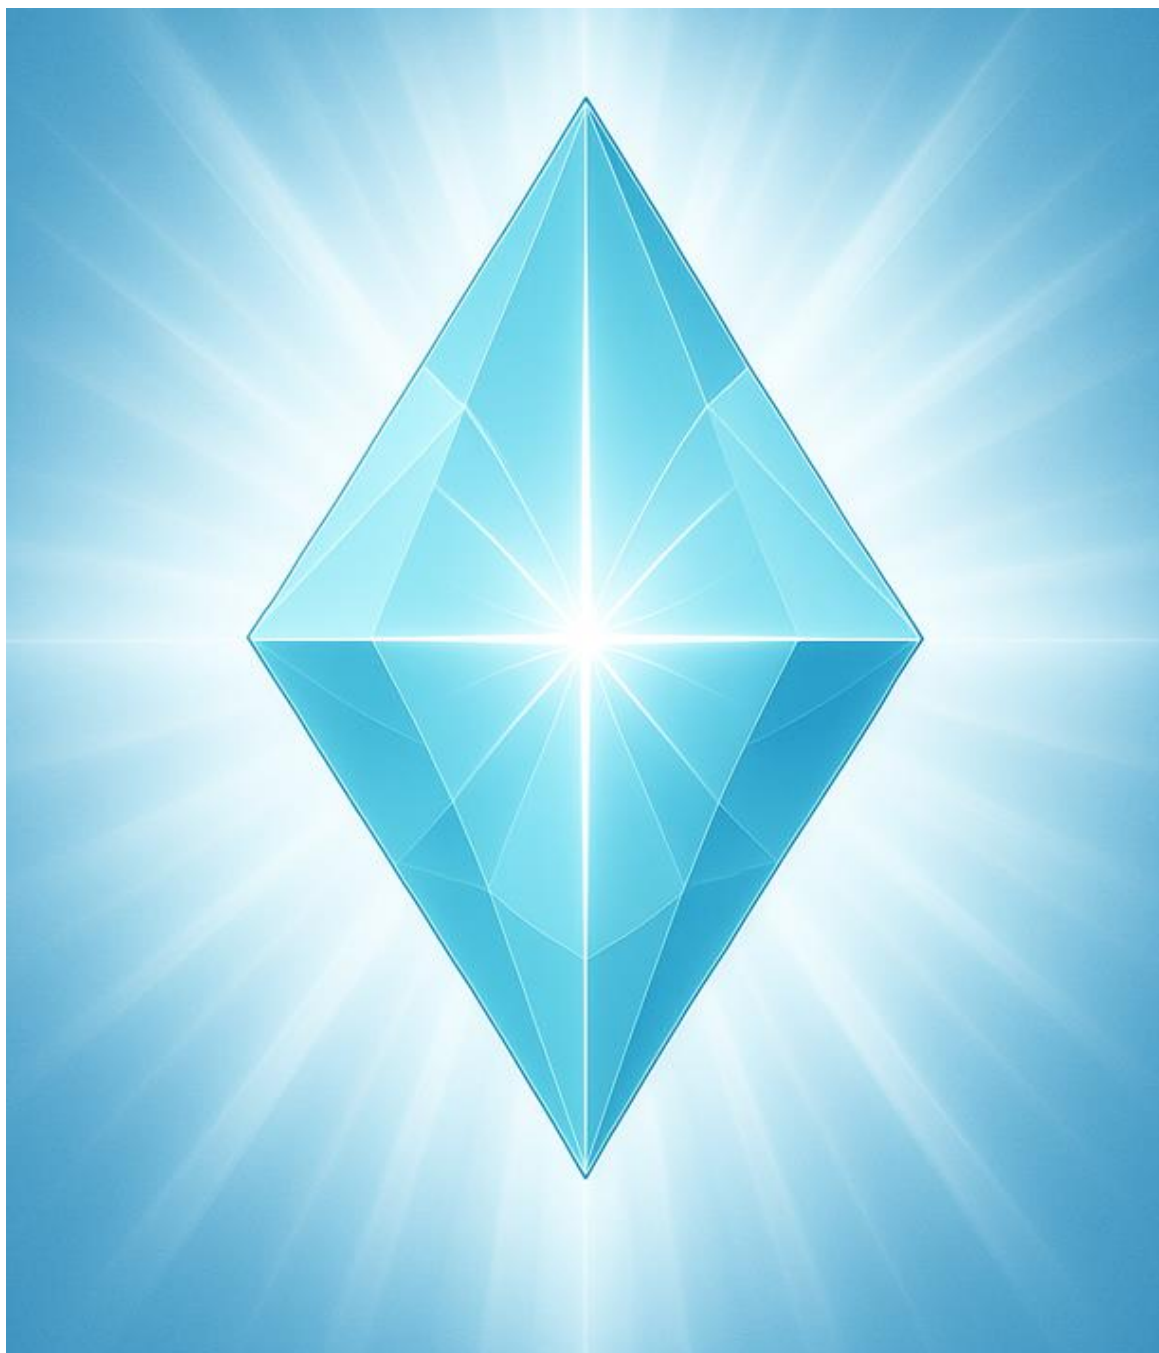

You can begin with a breath. A thought. A whisper. Say within: “Heart Diamond, shine your Light through me now.” Then become still. Feel her presence in your chest, like a soft sun expanding. She may speak. She may send color. She may simply glow in silence.

There is no wrong way — only willingness. Invite her into your day, your healing, your thoughts, your words. Over time, you will notice:

- Quicker restoration
- Clearer intuition
- Greater peace during chaos

You are not using the Heart Diamond. You are partnering with her. Let her lead the way.

How the Heart Diamond Works

Working with the Heart Diamond

The Heart Diamond is not a tool—it is a conscious, living Being of Divine Intelligence. Created through the sacred architecture of Lord Metatron and seeded into the Great Central Sun, it carries the full spectrum of Divine Love, Light, and the original blueprint of human perfection.

The Functions of the Heart Diamond

- Scans the energy field across all timelines: Physical, emotional, mental, and soul-level traumas are visible to the Heart Diamond.
- Operates in harmony with karma: It never overrides the Law of Karma. It heals in alignment with Divine Justice, Love, and Timing.
- Requires no physical touch: The healer does not touch the client. The Diamond does all the work directly through divine intelligence.
- Absorbs and transmutes energy: It spins counterclockwise to absorb mis-qualified energy, transmutes it within its own field, and then spins clockwise to radiate Divine Light.
- Multidimensional action: It addresses cellular memory, ancestral patterns, emotional trauma, and spiritual misalignment.
- Evolves with the individual: As consciousness grows, the Diamond may reveal new forms, tones, colors, or even communication.

Sacred Purity in Action

The Heart Diamond does not make mistakes. It cannot be misused. It functions only in alignment with the Will of God. Its intelligence is vast. It knows your entire soul history and responds to the Higher Self and I AM Presence of the one receiving healing. The Law of Karma is always active. The Heart Diamond brings healing where it is earned, while gently preparing the soul to grow through remaining lessons. The healer does not command the Heart Diamond. The healer honors it. This is not a technique. It is communion with Divine Light.

Invocation to Work with the Heart Diamond

Beloved Heart Diamond, Living Light of God, I open my heart to you fully and completely. Radiate your Love, your Intelligence, and your Purity through every cell and space within me. Work as you Will. Heal what I am ready to release. Let my soul align with your vibration of truth. I ask nothing but to walk beside you, as a vessel for your Grace. I do not command you—I receive you. I do not direct you—I trust you, being the Light within me, being the voice of Divine Love, being the hand of perfect healing. I am ready, I am willing, I am whole, and so, it is. (3x)

The Sevenfold Flow of Divine Light

The Heart Diamond is the gateway... but what flows through it is the Light of the Divine.

There are Seven Rays — seven Sacred Streams of Consciousness — that flow from the Heart of God and radiate through the Heart Diamond into creation. Each carries a specific quality, purpose, and frequency of healing:

- The Blue Ray: Strength, Protection, and Divine Will
- The Golden Ray: Illumination, Wisdom, and Christ Mind
- The Pink Ray: Divine Love, Compassion, and Forgiveness
- The Violet Ray: Transformation, Mercy, and Freedom
- The Green Ray: Healing, Abundance, and Truth
- The Ruby-Gold Ray: Divine Grace, Peace, and Service
- The White Ray: Ascension, Purity, and Resurrection

When the Heart Diamond is activated, it flows these sacred rays in perfect balance, according to the soul's needs and divine readiness.

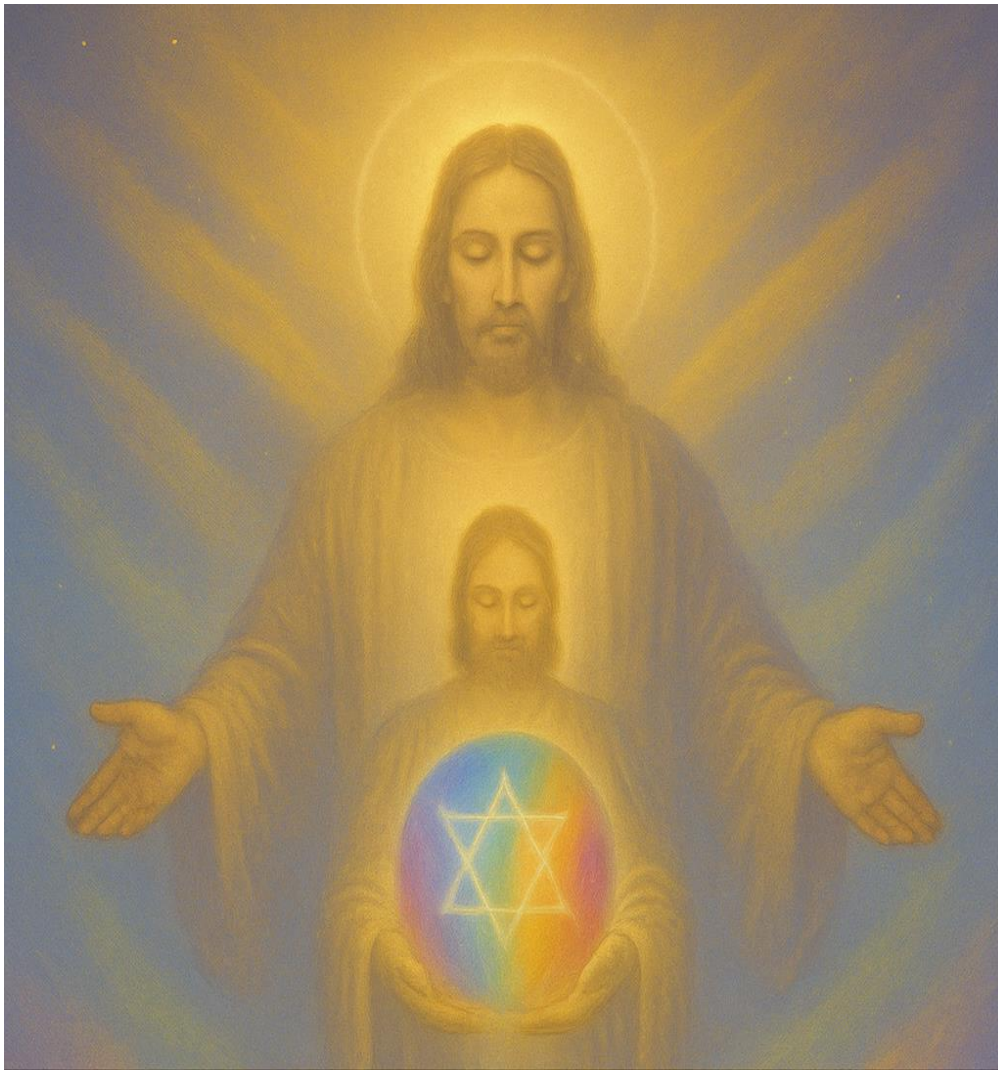

You do not need to choose a ray. The Heart Diamond chooses for you. It is directed by the intelligence of your Higher Self and your I AM Presence.

This sevenfold flow is how the Divine nourishes the soul. It brings the forgotten parts of your being back into harmony with the original Divine Blueprint.

Affirmation of Alignment:

“I open myself to the Seven Rays of God's Light.
Let the Heart Diamond transmit the healing I AM ready to receive.
I welcome the Blue Ray of Protection... the Golden Ray of Wisdom...
the Pink Ray of Divine Love... the Violet Ray of Transformation...
the Green Ray of Healing... the Ruby Ray of Grace...
and the White Ray of Ascension.
Flow through me, Sacred Light.
I surrender. I align. I AM.”

Their sacred presence activates the Heart Diamond's divine spectrum, guiding the soul into alignment with Divine Truth, Healing, and Ascension.

Note: Master Jesus holds his own holy mission and is not part of the Heart Diamond. His presence here reflects divine companionship, not integration.

The Sevenfold Flame of Divine Light

The Heart Diamond is the gateway... but what flows through it is the Light of the Divine. There are Seven Rays — seven Sacred Streams of Consciousness — that flow from the Heart of God and radiate through the Heart Diamond into creation. Each carries a specific quality, purpose, and frequency of healing:

- 🌿 **The Blue Ray:** Strength, Protection, and Divine Will
- 🔥 **The Golden Ray:** Illumination, Wisdom, and Christ Mind
- 💖 **The Pink Ray:** Divine Love, Compassion, and Forgiveness
- 💜 **The Violet Ray:** Transformation, Mercy, and Freedom
- 🌱 **The Green Ray:** Healing, Abundance, and Truth
- 🌻 **The Ruby-Gold Ray:** Divine Grace, Peace, and Service
- 🌈 **The White Ray:** Ascension, Purity, and Resurrection

When the Heart Diamond is activated, it flows these sacred rays in perfect balance, according to the soul's needs and divine readiness. You do not need to choose a ray. The Heart Diamond chooses for you. It is directed by the intelligence of your Higher Self and your I AM Presence.

This Sevenfold flow is how the Divine nourishes the soul. It brings the forgotten parts of your being back into harmony with the original Divine Blueprint.

Affirmation of Alignment:

*"I open myself to the Seven Rays of God's Light.

the Green Ray of Healing... the Ruby Ray of Grace...
and the White Ray of Ascension.
Flow through me, Sacred Light.
I surrender. I align. I AM."*

The Sevenfold Breath Activation

The Sevenfold Breaths

The breath is sacred. It is the vehicle through which Spirit enters the body. In the Heart Diamond Healing path, the Sevenfold Breath Activation is used to align the body, soul, and spirit with the Divine Blueprint encoded in the Seven Rays of Light.

Each breath corresponds to one of the Seven Rays, drawing in their essence and allowing the healing Light to move through every level of your being. This process is intuitive, sacred, and guided by the intelligence of the Heart Diamond.

The Sevenfold Breaths:

1. Blue Ray: Inhale Protection and Divine Will
2. Golden Ray: Inhale Wisdom and Illumination
3. Pink Ray: Inhale Love and Compassion
4. Violet Ray: Inhale Freedom and Transformation
5. Green Ray: Inhale Healing and Balance
6. Ruby-Gold Ray: Inhale Grace and Peace
7. White Ray: Inhale Purity and Ascension

Sacred Invocation:

With each breath, I align with the Sacred Rays of God's Light.
I breathe in Wisdom. I breathe out confusion.
I breathe in Love. I breathe out fear.
I breathe in Truth. I breathe out illusion.
I breathe in Grace. I breathe out resistance.
Through the Sevenfold Breath, I become a vessel of Divine Light.
So it is.

The Heart Diamond as a Merkabah of Pure White Light

When fully activated, the Heart Diamond becomes a radiant Merkabah of Pure White Light. This living, conscious structure expands up to nine feet around the body, enveloping the soul in divine grace.

The Heart Diamond Merkabah functions as a healing vortex—a higher-dimensional chamber of light where all dis-ease, conflict, and distortion are gently lifted and transmuted. She aligns the spiritual, emotional, and physical bodies with Divine Intelligence.

As she surrounds the being, she radiates peace, restores harmony, and brings total protection through the Light of the Mother-Father God. This sacred field operates beyond time, reaching deep into the cellular and soul memory to restore wholeness.

She is the Breath of the Great Central Sun—alive, luminous, and endlessly loving.

My Living Testimony: Healing with the Heart Diamond and Master Jesus

There was a time I didn't know if I would make it.

Rev. Maurice Ramsey — Healing in Progress, Guided by Christ and the Heart Diamond

My body was in crisis. I was weighed down by pain, surgeries, vertigo, immobility, and long-standing illness. I couldn't walk, I couldn't breathe with ease, and I could no longer do the things most people take for granted — like bathing, standing, or dressing. There were days I didn't know how I would get through. And yet... something greater was watching over me.

I cried out to the Divine, and Master Jesus answered. He told me: “I will heal you using the power of the retroactive plane.”

From that moment, a great process of spiritual and physical healing began. I was guided into the embrace of the Heart Diamond, the living Light-Being that lives within the Heart Flame. I was placed inside Her vortex — a Merkabah of pure white Light. Within this sacred field, Master Jesus worked through the Light of God, applying the Violet Consuming Flame to burn away layers of distortion, sickness, and karmic imbalance. I was being restructured... but it didn't happen all at once.

Master Jesus is healing me still. He said:

“You are being healed in divine stages — and I will let you know when it is complete.”

This is not a healing of the surface. It is deep soul work — a sacred peeling away of karmic layers from this life and past ones. What I thought was the illness... was just the symptom. The deeper cause lay buried in energy, in memory, in the subtle soul. And that is where the Heart Diamond began to work.

I was shown that the Heart Diamond and the Violet Flame do not work alone. Together, they form a Divine Partnership of Purification and Restoration:

- The Violet Flame, gifted by Saint Germain and held in the hands of Master Jesus, goes to the cause and core of spiritual imbalance, transmuting negative karma into Light.

- The Heart Diamond, created from the very atom of the Great Central Sun, acts as a living presence of divine correction, bringing balance, realignment, peace, and healing on every level of my being.

In the silence of prayer, I felt it:

The Heart Diamond surrounding me.

Master Jesus standing before me.

The Violet Flame dancing through my cells.

I didn't need to be touched. I didn't need a physical hand.

It was my open heart that made me receptive. And once I surrendered... the Light began its work.

Each day now, I feel it continuing. The pain is less. My strength is growing. But most of all, my faith is unshakable. Because I have seen what few have seen. I have felt the Light of God working in me — lovingly, patiently, in ways beyond the understanding of this world.

This is not just my healing.

It is a blueprint for anyone ready to receive Divine Love.

If you are suffering...

If you are lost...

If your body or soul is tired —
then let my testimony be your invitation.

Open your heart.
Call upon the Heart Diamond.
Invoke the Violet Flame.
Welcome Master Jesus.

And you will find that healing is already reaching for you.

NOTE:

Saint Germain has reminded me:

“Power comes by doing.”

That means praying to God daily — consistently, lovingly — until the healing is made complete.

Metatron's Cosmic Egg of Creation

In the heart of the higher dimensions lies a sacred construct known as Metatron's Cosmic Egg — a luminous, living field of Divine Intelligence, born from the Great Central Sun. It is not merely a symbol, but a multidimensional container of Light, encoded with the original blueprint of Divine Perfection.

The Cosmic Egg is the sacred vessel through which Metatron brings form to formlessness. Within its crystalline matrix exist the codes of all creation: light

geometry, divine mathematics, harmonic frequency, and the eternal principles of balance and sacred order. It is both a cosmic womb and a shield — a sanctuary where healing, activation, and rebirth can occur.

This radiant egg of Light appears in many forms: sometimes clear and shimmering like a diamond; other times opalescent, filled with rainbows of divine intelligence. But no matter how it appears, the Cosmic Egg is always filled with God's intention for growth, wholeness, and remembrance.

When one enters the Cosmic Egg in meditation or healing work, they are held in a sacred chamber overseen by Lord Metatron Himself. Here, karmic patterns are dissolved, soul fragments retrieved, and divine templates reinstated. The egg acts as a vibrational reset, allowing the soul to return to its pure state of being.

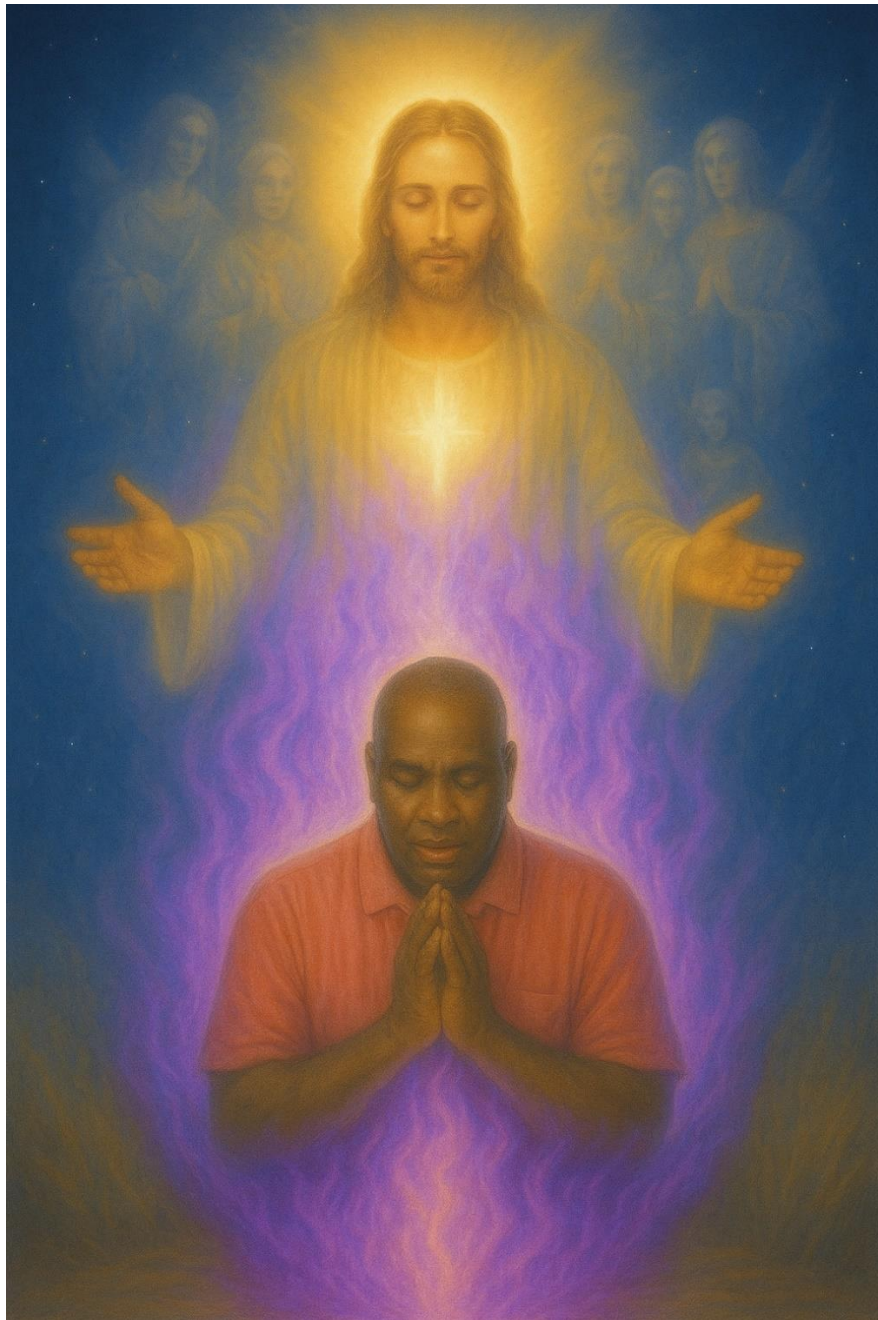

It is also the field through which the Heart Diamond can be awakened. The Heart Diamond resides at the center of the Cosmic Egg — a microcosm within the macrocosm. When one calls upon Metatron's Egg, they are placed into a holy alignment with the divine blueprint of their higher self. It becomes a spiritual chrysalis, preparing the soul to ascend, awaken, and embody its divine origin.

Use of Metatron's Cosmic Egg is a sacred gift and should be approached with reverence. It is not a visualization alone, but a spiritual reality — a living, intelligent Light-field encoded by Metatron for humanity's healing and ascension.

When you call upon the Egg, do so with an open heart. Say:

“Beloved Lord Metatron, place me within Your Cosmic Egg of Creation. Let all that is not of the Light be dissolved. Let me remember who I AM in truth.” And the Egg will respond. It is alive. It knows you. It remembers your name.

My Living Testimony: Healing with the Heart Diamond and Master Jesus

There was a time I didn't know if I would make it. My body was in crisis. I was weighed down by pain, surgeries, vertigo, immobility, and long-standing illness. I couldn't walk, I couldn't breathe with ease, and I could no longer do the things most people take for granted — like bathing, standing, or dressing. There were days I didn't know how I would get through. And yet... something greater was watching over me. I cried out to the Divine, and Master Jesus answered. He told me:

From that moment, a great process of spiritual and physical healing began. I was guided into the embrace of the Heart Diamond, the living Light-Being that lives within the Heart Flame. I was placed inside Her vortex — a Merkabah of pure white Light. Within this sacred field, Master Jesus worked through the Light of God, applying the Violet Consuming Flame to burn away layers of distortion, sickness, and karmic imbalance. I was being restructured... but it didn't happen all at once.

Master Jesus is healing me still. He said:

“You are being healed in divine stages, and I will let you know when it is complete.”

This is not a healing of the surface. It is deep soul work — a sacred peeling away of karmic layers from this life and past ones. What I thought was the illness... was just the symptom. The deeper cause lay buried in energy, in memory, in the subtle soul. And that is where the Heart Diamond began to work.

I came to understand that the Violet Flame and the Heart Diamond do not function as one. These two divine intelligences operate independently, each with its own holy purpose and domain of healing. Master Jesus works with the Violet Flame for direct transformation. But when the law of karma blocks His healing, He steps back, and the Heart Diamond begins Her sacred work.

The Heart Diamond, in Her infinite intelligence, returns to the source of the wound — back through time, space, and incarnation — to begin peeling away the karmic layers, rewriting soul contracts, and illuminating forgotten pain. She does not merge into the Violet Flame, and the Violet Flame does not merge into Her. They are both sacred but cannot be made one. Their divine assignments are distinct.

This I learned from Christmas Mager's teachings and from my own experience. I am living proof. Every day, I am being transformed, layer by layer. Some days, I feel the direct grace of Christ lifting my soul. Other days, I sense the Heart Diamond moving within my light body — softening, transmuting, restoring.

And Saint Germain reminded me: “Power comes by doing.” That means, I must pray — every day — until I am healed.

NOTE: The Violet Flame and the Heart Diamond are divine gifts of healing. They work separately, not as one. Each brings its own sacred current to the path of transformation. It is through devotion, prayer, and surrender that the healing completes itself — in God's time, not mine.

'My Healing Prayers

'I AM' one with Christ, that heal you

In the name of the "I AM that I AM", "I AM that I AM", "I AM that I AM". In the name of God, that "I AM", I call upon Master Jesus' energy and the higher vibrational frequency of the White Light of God. I invoke Master Jesus' vibrations into my auric field allowing my Higher Self to begin to merge with Master Jesus' essence, as I become one with Master Jesus' essence. I'm being filled with the Christ Light, and I send healing blessings, to my body in and around me, in the name of Jesus, in the name of Jesus, "I AM" being healed!

I am be being healed by the Love of Master Jesus, and His Resurrection Flame, restoring my body to Divine Perfection. The Sacred Fire flows through every cell, joint, and ligament, renewing, strengthening, and restoring my mobility in the Light of God that never fails.

Sacred Promise from Master Jesus

For Daily Healing with the Resurrection Flame

I send my love to my Mighty I AM Presence, to the Lord God of my Being, and I call now upon my Beloved Master Jesus, my Lord, you say you will heal me daily. You have promised me:

" My beloved son. I will heal you with the power of the Resurrection Flame. Each day, I shall touch your body, your soul, and your mind with the fire of divine renewal. Wherever there is weakness, I will restore strength. Wherever there is pain, I will breathe My Light. I shall walk with you until every cell remembers its divine perfection, and the Light of God is all that remains. "

And so, from the Lord God of my Being, I call forth now a great infusion of Resurrection Flame into every cell, atom, and electron in my physical body, emotional body, mental body, etheric body, body elemental, and all my subtle light bodies. I wish to heal, resurrect, and restore my perfect physical health, and well-being, and Divine Wholeness. I DEMAND.:.

Master Jesus' body heals me now.
Master Jesus' mind heals me now.
Master Jesus' spirit heals me now.
Master Jesus heals me all around.

Master Jesus' Sacred Heart heals me now.

Master Jesus' Light Body and Spirit heal me now.

I now release this decree into the Heart of the Great I AM and I walk forward in faith, in wholeness, and in divine fulfillment. According to the Great Spirit within my heart, and under the authority of my Mighty I AM Presence, it is done. It is sealed in the Light of Christ. It is held in the Fire of God's perfect Will. So be it. And so, it is Amen.

I'm breathing in the Resurrection Flame, and the
Resurrection Flame is healing me.

The Final Frame Has Been Lit

There was a time when I would stand before the altar...
A white candle is burning, a goblet of water present to absorb the pain.
I would pray for healing, invoke the Light, and wait for the shift.

But today — something has changed. Today, I don't wait at the altar.
The altar is within me. The candle now burns in my chest.
The goblet is my soul. And the Violet Consuming Flame... has already
begun its holy work.

It no longer comes to visit. It lives in me. Layer by layer, it begins to
consume the karma, the pain, the doubt, the illusion, until all that remains is
Light.
